

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/> - Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as "Read-Only;" except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.

Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

A balance of \$2,723 was recaptured on this grant. This was a balance is due to an adjustment to a higher grant amount.

Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? **Yes**
If "No" click on "Next" or "Save & Next" below to move to the next screen.

2. Is this an individual project application or a fully consolidated project application? **Individual**

Click on "Save & Next" to continue completing the remainder of this project application as if the consolidation will be denied by HUD and this individual project application will be assessed for FY 2018 funding.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The Community Housing Program, administered by Arundel House of Hope, Inc., (AHOH) is a permanent supportive housing program for three homeless men and three homeless women, of which, four must meet HUD’s chronically homeless definition, per initial grant application. However, all new clients will meet the chronically homeless definition. AHOH leases two properties from landlords in the community to provide supportive shared housing for homeless individuals. All clients must be referred through the County's CE and be highly ranked on ACCESS HOUSING vulnerability list.

AHOH employs the Housing First model of care, a HUD recognized best practice, in its programs and makes housing the first priority for persons served regardless of their situation and recognizes that safe, decent and affordable housing is an important component of individual health. As of November 2013, AHOH participates in the County’s coordinated assessment and receives referrals through this process. Specifically, the County maintains a list of all homeless individuals and families prioritized by a vulnerability index (developed by 100,000 Homes) and utilized as part as County’s Coordinated Intake Process. The program accepts the next highest priority or most chronically homeless, vulnerable individual from the list as long as that individual meets all the requirements of the original grant application.

Participants then sign a lease agreement with Arundel House of Hope and work with the case manager and receive additional services through the Resource and Day Center and other service providers. We partner and link each participant to other service providers allowing them to access many different services. Supportive services are client-driven and individually tailored to the needs of each participant. Program participants are involved in setting the personal goals and the type and pace of services they need to assist with goal achievement. Program services support the participant's efforts to increase their incomes and maximize their ability to stable living include: (a) client advocacy to assist them in obtaining benefits and entitlements, including social security, public assistance, and food stamps; (b) service coordination for medical and psychiatric treatment, substance abuse treatment, counseling, and other supportive services; (c) appointment escorts; (d) employment counseling skills training, and vocational counseling; (e) budgeting and financial management to ensure essential bills such as rent is paid in a timely manner; and (f) providing opportunities for socialization.
