# **Anne Arundel County Annual Action Plan Local Fiscal Year 2019**

## AP-05 Executive Summary

### Introduction

The *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020* constitutes a strategic plan for addressing the County's housing and community development goals. The plan provides a comprehensive analysis of the needs of County residents and sets out specific goals, objectives and outcomes which will be used to address those needs over a five year period.

The *Anne Arundel County Annual Action Plan Local Fiscal Year 2019* is the fourth annual addendum to the *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020*. The Action Plan outlines the resources allocated and the programs and projects selected through the County's budget process to achieve the Consolidated Plan's goals for the time period of July 1, 2018 to June 30, 2019.

Anne Arundel County will allocate approximately **\$48,729,836** in federal entitlement, housing choice vouchers, and nationally competitive Continuum of Care funds from the U.S. Department of Housing and Urban Development (HUD) and equity from low income housing tax credits. These federal funds will be leveraged with State, County, foundation, and private funding to implement the County's housing and community development projects and programs.

### Summarize the objectives and outcomes identified in the Plan.

The objectives identified in the *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020* were driven by the following vision statement and built on a comprehensive public participation process, needs assessment and market analysis. The outcomes are based on the ability of the County's existing provider network to produce results contingent on the amount of federal, State, County and private dollars available during the fourth year of the Consolidated Plan.

*VISION STATEMENT – The main vision guiding the Consolidated Plan is to implement strategies that create a strong and vibrant community, both socially and economically, and create and maintain a diverse community of workers and a broad range of housing options for all income levels. Given the severe housing cost burden and risk of homelessness experienced by those at the lowest end of the economic spectrum, the County's limited federal resources should be prioritized for the stabilization and expansion of affordable housing. An expanded supply of workforce housing will enable health aids, hospitality and retail workers, teacher aides, daycare workers, and other low income workers from the public, private and nonprofit sectors to live and be productive citizens of Anne Arundel County.*

*New affordable developments located in Opportunity Areas will be given priority, while efforts to stabilize and preserve affordable housing stock, and services to improve the quality of life, will be given preference in Priority Revitalization Communities.*

The County will address these needs by funding programs, projects, and activities in the following eight goal areas: (1) Homeownership Housing; (2) Rental Housing; (3) Public Housing; (4) Special Needs Population; (5) Homeless Population; (6) Further Fair Housing; (7) Non-Housing Community Development; and (8) Historic Preservation.

Chart 1 provides the specific goals in each of these categories along with a description of the goal, a specific geographic area where the activities will be targeted, and the projected outcomes.

**Evaluation of past performance**

Anne Arundel County completed the second year of the five year period for the *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020* on June 30, 2017. As a result of targeted funding, the County accomplished many of its goals and objectives.

The County is on target to meet its five year Homeownership Housing goals by the end of FY 2020. In Local Fiscal Year 2017, the County provided 501 households with homeownership counseling; assisted 13 households with the purchase of their first home through the mortgage assistance program; provided 265 households with foreclosure prevention counseling; and provided property rehabilitation and property repair to 32 households. To accomplish these goals the County leveraged significant State and local funds, as well as federal dollars.

The County also made progress toward its Rental Housing Goals. HOME funds were used to develop and fully lease a new 48 unit multifamily community located in Odenton, MD, called Berger Square, in Local Fiscal Year 2017. HOME funds were also provided as gap financing for the redevelopment of a 100 unit affordable housing project called Heritage Overlook, a former public housing community. Given the multi-year nature of rental project development, Heritage Overlook will not be reported completed until fully constructed, leased, and beneficiary data obtained. The County anticipates this project will be fully occupied by June 2018 and will be included as an accomplishment in the LFY 2018 CAPER. The Scattered Sites Rental Housing Program acquired five units and rehabilitated and rented four units to income eligible households. The County also began operation of a Financial Literacy Program for low income renters and served a total of 33 households. The County fully anticipates meeting its five year goals.

The County met its second year Public Housing goals during LFY 2017. Over 273 youth living in public housing were provided after school services and summer camp at the Boys & Girls Clubs located at the Freetown and Meade Village Public Housing communities.

The County met most of its Special Needs Population goals by supporting a nonprofit CHDO provider who acquired one new group home to serve four very low income individuals with developmental disabilities; making accessibility modifications to 14 homes and one group home; ensuring services were provided to 243 seniors through the Repairs with Care Program; and, provided seven seniors with congregate services enabling them to age in place. The County fell just short of meeting its goal to maintain or expand rental subsidies for special needs populations. A total of 37 (as opposed to 45 households) who qualified for HOPWA assistance were assisted during the fiscal year.

Through a combination of federal funding, the County exceeded its Homeless goals by preventing 329 households from becoming homeless; and linking 1,063 homeless individuals to services; providing permanent supportive housing to 161 households; and offering rapid re-housing to 27 households. The County fell short of meeting its goal to provide emergency, transitional, and interim housing to 500 homeless persons, in part, because two of the County's transitional housing programs were closed during the fiscal year. Therefore, only 443 persons were served by the County's emergency shelter.

The County partially met its Non-Housing Community Development Goals during the fiscal year. A total of 192 individuals were provided with job training, transportation, and childcare. However, the goal to increase support services fell short as youth services were provided to only 68 young people in the Priority Revitalization Area of Brooklyn Park.

The County's housing and community development accomplishments are reported in greater detail on an annual basis in the Consolidated Annual Performance and Evaluation Report (CAPER). The most recent CAPER is available upon request, as well as published on the ACDS website at [www.acdsinc.org](http://www.acdsinc.org). The next CAPER, reporting Local Fiscal Year 2018 accomplishments, the third year of *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020*, will be completed by September 30, 2018.

## **Summary of Citizen Participation Process and Consultation Process**

Arundel Community Development Services, Inc. (ACDS), on behalf of Anne Arundel County, continually reaches out to new organizations and community members to obtain input and participation in community planning efforts. ACDS is consistently seeking input and direction on how to best use the County's housing and community development funds and seeks to increase the number and capacity of organizations able to provide housing and services to lower income populations.

Preparation of the Annual Action Plan began in October 2017 with public notification in local newspapers, posting on the ACDS website, as well as mailing and e-mailing to approximately 200 community residents and organizations regarding the budget process and invitation to a

public hearing, which was held in October 2017. The hearing provided citizens with (i) an overview of the budget process; (ii) funds expected to be available for Local Fiscal Year 2019; (iii) a review of the accomplishments achieved in Local Fiscal Year 2017; and (iv) an opportunity for public comment. Staff also presented a “contingency” budget plan reflecting the proposed changes should the final grant award be above or below the budget estimates presented to the public. During the comment period, a number of organizations spoke about what they believed should be priorities for investment in Local Fiscal Year 2019. A second public hearing was held in February 2018. This hearing provided a review of project proposals received and staff budget recommendations. The community was provided an opportunity to comment on the recommendations. Throughout the entire process, citizens and community organizations have been encouraged to comment on any of the aspects being presented at the hearings or in the Plan.

Notice of the availability of the draft Annual Action Plan for Local Fiscal Year 2019 (Federal Fiscal Year 2018) was published on Saturday, May 5, 2018 in The Capital and The Maryland Gazette newspapers allowing for a 30 day comment period. The notice included a listing of each project proposed for funding, the amount of funding, the location of the project, and the proposed number of beneficiaries for each project. Additionally, the notice outlined several budget contingencies pending the notification of HUD’s final grant award of federal funds.

The notice stated access to the Plan would be available for the public to review at all public libraries online, at the office of ACDS, and posted on the ACDS website. Notice of the availability of the draft document was mailed to individuals and organizations who receive funding or applied for funding; representatives of community organizations and County agencies who serve low and moderate income persons, elderly or special needs individuals; representatives of public housing communities; and other community activists.

The projects outlined in the **AP-38 Projects Summary** section of the Draft *Anne Arundel County Annual Action Plan for Local Fiscal Year 2019* were estimates because HUD had not yet issued the grant allocation. Once the final numbers were issued by HUD, the County adjusted the proposed dollar amounts as necessary using the following policies.

- CDBG
- If the grant is reduced
    - Public Service Programs funded over \$10,000 will be reduced by the percentage of the total reduction in available funds.
    - Capital Projects – The County will reduce the Accessibility Modification Program.
  - If the grant is increased
    - Capital Projects – The County will increase the Scattered Sites Rental Program.
    - Administrative funds will be adjusted per available funding and requirements.

- HOME      If the grant is reduced
- The County will reduce the Property Rehabilitation Program and the Mortgage Assistance Program by the percentage of the reduction in available funds.
- If the grant is increased
- The County will increase the Rental Housing Production Program funds.
  - Administrative funds will be adjusted per available funding and requirements.
- ESG        • The County will reduce or increase the Rapid Re-Housing Program to reflect the change in available funding.
- Administrative funds will be adjusted per available funding and requirements.
- HOPWA    • The County will reduce or increase the Rental Assistance Program to reflect the change in available funding.
- Administrative funds will be adjusted per available funding and requirements.

### Summary of Public Comments

The public comment period began on Saturday, May 5, 2018 and was conclude on Monday, June 4, 2018. No comments were received.

### Summary of comments or views not accepted and the reasons for not accepting them

No comments were received.

### Summary

The County believes a community that creates and maintains a broad range of housing options for all members of the workforce is an economically strong community. By targeting and leveraging its housing and community development funding, the County will continue to increase its stock of quality, affordable rental housing by helping to facilitate the construction of new units and rehabilitate existing substandard units, preventing foreclosures, supporting the County's homeowners and public housing communities, preventing households from becoming homeless, as well as helping to house the homeless, and promoting the economic empowerment of its most vulnerable residents. The Local Fiscal Year 2019 Annual Action Plan outlines the County's efforts to continue implementing the goals and strategies developed in the planning process for the *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020*. The County will also continue to be a good steward of its federal funding to build upon its success of the last Consolidated Plan period.

## PR-05 Lead & Responsible Agencies

**Table 1 – Responsible Agencies**

Agency Role	Name	Department/Agency
CDBG Administrator		Arundel Community Development Services, Inc.
HOME Administrator		Arundel Community Development Services, Inc.
ESG Administrator		Arundel Community Development Services, Inc.

### Narrative

Arundel Community Development Services, Inc. (ACDS) functions as the lead agency for the housing and community development programs in Anne Arundel County. ACDS began operating on July 1, 1993 as a private nonprofit corporation created to address the housing and community development needs in the County. The Corporation is under contract with the County to plan, administer, and implement the federally funded CDBG, HOME, ESG, HOPWA, and Continuum of Care (CoC) Program, as well as State and County funded housing and community development activities. Many of the activities funded under these programs are carried out by subrecipients, including nonprofit service providers and housing developers. Other activities, such as property rehabilitation, homeownership counseling, foreclosure prevention counseling, acquisition/rehabilitation and new construction of housing, are carried out directly by ACDS staff. ACDS takes on many roles, including developer, lender, counselor, landlord and construction manager, which necessitates having staff with a variety of skills and the ability to coordinate with many government agencies and departments to carry out a variety of tasks.

## AP-10 Consultation

### Introduction

Arundel Community Development Services, Inc. (ACDS) prepared the LFY 2019 Action Plan on behalf of Anne Arundel County in accordance with 24 CFR Part 91 and the County's Citizen Participation Plan. The *Anne Arundel County Consolidated Plan FY 2016 – FY 2020* was developed in consultation with representatives from a wide variety of agencies and persons who might affect or be affected by its implementation. The planning process for the Annual Action Plan formulation involves ongoing consultation and information gathering from a variety of entities throughout the year as staff participates in community meetings, as well as opportunities for public participation through two public hearings. During the LFY 2019 Action Plan and budget planning process, ACDS held two public hearings – one in October 2017 and one in February 2018 – which enabled citizens and other stakeholders to participate in the budget process. In addition, well established groups meet on a regular basis, including the Anne Arundel Affordable Housing Coalition, the Homeless Coalition, and the Regional Fair Housing Group. Additionally, staff attends community meetings in the Priority Revitalization Communities of Brooklyn Park and Severn to continue to assess revitalization needs. ACDS, through its Property Rehabilitation, Homeownership Counseling and Foreclosure Prevention Counseling Programs, meets regularly with many low and moderate income households, enabling staff to assess the needs of the community. These ongoing consultations provide a rich context in which ACDS continues an ongoing, fluid planning and implementation process.

### **Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies.**

The Anne Arundel County Executive convenes monthly meetings with the heads of departments to coordinate the efforts of County services. Participants include the Anne Arundel County Department of Health, Anne Arundel County Department of Social Services, the Anne Arundel County Department of Aging and Disabilities, the Housing Commission of Anne Arundel County (Housing Commission), Anne Arundel County Partnership for Children, Youth and Family, Anne Arundel County Mental Health Agency, Inc., and ACDS.

Additionally, the Housing Commission works with service providers to provide Housing Choice Voucher assistance to families and individuals with disabilities. The Housing Commission currently has existing relationships with Supportive Housing Developers, Omni Behavioral Health, The Arc Central of Chesapeake Region, People Encouraging People, Anne Arundel County Mental Health Agency, Inc., and Vesta Health Services. Clients work with these service providers who assist them with housing and medical needs, as well as other services. These

clients are given priority for housing by the Housing Commission. The Housing Commission is a member of the Homeless Coalition and serves on multiple committees to ensure coordination with other participating social service agencies, including the Anne Arundel County Department of Health and the Anne Arundel County Mental Health Agency, Inc. The Housing Commission was an active participant in developing the goals and strategies outlined in this Plan.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

The Homeless Coalition includes representatives from (i) the State, County, and City of Annapolis agencies administering mainstream resources; (ii) shelter and nonprofit services providers; (iii) organizations representing individuals diagnosed with mental health disorders, substance abuse, and HIV/AIDS; and (iv) formerly homeless persons, advocates, and others with roles, interests and responsibilities in addressing issues associated with homelessness in the County. The Homeless Coalition Board of Directors meets on a monthly basis to develop policies and procedures for operations and development of the County's Continuum of Care (CoC). The full Coalition membership meets every other month to approve Board recommendations, share information and resources, and network. The goals and strategies developed by the Homeless Coalition and its planning process served as the basis for the homeless goals in the *Anne Arundel County Consolidated Plan FY 2016 – FY 2020*.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.**

The Homeless Coalition, which is the County's CoC planning group, is involved in determining the needs and setting priorities when allocating ESG funds, developing performance standards and evaluating outcomes, and developing policies and procedures for the administration of the Homeless Management Information System (HMIS). The Homeless Coalition Board meets on a monthly basis and the entire membership meets bi-monthly. The Homeless Coalition has developed procedures for the operation and administration of the HMIS system, which is funded with County general funds and CoC funding. A committee, consisting of Homeless Coalition members currently utilizing the HMIS system, meets on a bi-monthly basis to review policies, update users on program changes and discuss other relevant issues associated with the use and management of the system. Currently, all grantees receiving ESG funds, as well as subrecipients receiving CoC funds, are required to enter data into the HMIS system. In turn,

this HMIS data, which has been vetted and evaluated by the Homeless Coalition Board and membership, informs the allocation of ESG funds and directly influences the development of the goals and strategies outlined within the Consolidated Plan, as well as directs annual planning efforts.

**Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities.**

## Identify any Agency Types not consulted and provide rationale for not consulting.

ACDS, on behalf of Anne Arundel County, continually reaches out to new organizations and community members to obtain input and participation in community planning efforts. ACDS is consistently seeking input and direction on how to best use the County's housing and community development funds and seeks to increase the number and capacity of organizations able to provide housing and services to lower income populations. There are no specific agency types that were purposefully not consulted.

## Other local/regional/state/federal planning efforts considered when preparing the Plan.

**Table 3 – Other local / regional / federal planning efforts**

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	ACDS	ACDS is responsible for coordinating both the County's Consolidated Planning process as well as the Continuum of Care planning process. The goals of the Strategic Plan and the County's homeless plan are developed by the same group, the County's Homeless Coalition.
The Baltimore Regional Housing Plan	Baltimore Metropolitan Council	The County's Action Plan is complementary to the Baltimore Regional Housing Plan in that it focuses on building new affordable housing units in areas of opportunity, while also recognizing the importance of revitalizing and stabilizing the older communities within our jurisdiction. It also recognizes the need for affordable housing for persons of low and moderate income, and draws some of the same data conclusions.

## Narrative

ACDS involved citizens and stakeholders in the development of the Local Fiscal Year 2019 Action Plan and budget process through two formal public hearings, as well as participation in on-going community meetings. ACDS provided citizens and stakeholders the opportunity to comment on the draft Plan during a 30 day public comment period.

Notice of both public hearings were published in the Capital-Gazette newspapers and published on the ACDS website. All notices indicated special accommodations, including the fact that sign language or foreign language interpreters could be arranged if needed. Further, the draft Plan was available in the public libraries throughout the County, at the ACDS office, and on the ACDS website, beginning on May 5, 2018. Concurrently, a notice is sent to all County departments, organizations, and individuals represented at the focus group meetings and public hearings, with a request to share the notice with their clients and networks. Notice of the availability of the draft Plan was also published on May 5, 2018 in the Capital-Gazette newspapers. Public comments were received through June 4, 2018. Notice of the availability of this document was mailed to those individuals and organizations that have previously received funding or applied for funding through the programs administered by ACDS. Those individuals and organizations

included representatives of community organizations; County agencies who serve low and moderate income persons; elderly and special needs service providers; representatives of public housing tenant associations; and other community activists and stakeholders. This citizen participation process provided ample time for all interested parties and stakeholders to review the draft Plan provide comments, reactions, and input.

ACDS, on behalf of the County, incorporates the needs identified and involves as many individuals and organizations as possible in the development of its Action Plan through regular participation in established groups, including the Anne Arundel Affordable Housing Coalition, the Homeless Coalition, and the Regional Fair Housing Group. Additionally, staff attends community meetings in Priority Revitalization Communities including Brooklyn Park, Glen Burnie and Severn communities to assess revitalization needs.

## AP-12 Participation

**Summary of citizen participation process/Efforts made to broaden citizen participation. Summarize citizen participation process and how it impacted goal-setting.**

ACDS prepared the LFY 2019 Action Plan on behalf of Anne Arundel County in accordance with 24 CFR Part 91 and the County's Citizen Participation Plan. The initial Consolidated Plan was developed in consultation with representatives from a wide variety of agencies and persons who might affect or be affected by its implementation. The planning process for the Action Plan formulation involves ongoing consultation and information gathering from a variety of entities throughout the year as staff participates in community meetings, as well as opportunities for public participation through two public hearings. During the LFY 2019 Action Plan and budget planning process, ACDS held two public hearings – one in October 2017 and one in February 2018 – which enabled citizens and other stakeholders to participate in the goal-setting process. Established groups, including the Anne Arundel Affordable Housing Coalition, the Homeless Coalition, and the Regional Fair Housing Group meet on a regular basis. Additionally, staff attends community meetings in Priority Revitalization Communities including Brooklyn Park, Glen Burnie and Severn communities to assess revitalization needs. Also, ACDS, through its Property Rehabilitation, Homeownership Counseling and Foreclosure Prevention Counseling Programs, meets regularly with many low and moderate income households, enabling staff to assess the needs of the community. These ongoing consultations provide a rich context in which ACDS continues an ongoing, fluid planning and implementation process.

## AP-15 Expected Resources

### Introduction

The Anne Arundel County Action Plan for Local Fiscal Year 2019 describes how the County plans to expend its federal housing and community development resources from July 1, 2018 to June 30, 2019. This Action Plan establishes how the County will address the needs and achieve the goals as stated in the *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020*.

During Local Fiscal Year 2019, a total of **\$48,792,836** in federal resources (including local funds) is expected to be allocated to housing and community development activities in Anne Arundel County. These funds, outlined in detail herein, are a combination of entitlement grants, program income, required local match dollars, Federal Fiscal Year 2017 Continuum of Care award funds, Housing Choice Voucher funds, and Housing Counseling Grant (estimated)

funds. Additionally, the County's Housing Commission has successfully applied for Low Income Housing Tax Credits (LIHTC) for a multifamily project.

ACDS administers the majority of these federal funds on behalf of the County and works closely with other County agencies, State agencies and nonprofit providers. On behalf of the County, the Housing Commission administers the Housing Choice Voucher Program.

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied.**

The County gives priority to projects where there is owner equity or a commitment of private or other public financing. For example, in Local Fiscal Year 2019, the County will allocate \$758,198 in HOME funds, program income, and local match funds for the Rental Housing Production Program. These funds will leverage equity raised from federal Low Income Housing Tax Credits, State funds and private dollars to redevelop Meade Village and create new affordable units.

To leverage funds for Priority Revitalization Communities, the County applies for State funding. For example, \$250,000 in State Baltimore Regional Neighborhood Initiative (BRNI) was recently committed to ACDS to acquire and rehabilitate additional units in Brooklyn Park. The County will also contribute approximately \$47,359 in LFY 2019 to a revolving loan fund to support the rehabilitation of existing homes in targeted neighborhoods such as the Brooklyn Park community. These funds will leverage the CDBG funds allocated to the Scattered Sites Rental Program.

ACDS offers the Mortgage Assistance Program (MAP) which provides mortgage assistance to income eligible first time homebuyers. Homeowners will leverage MAP funds with below market rate mortgage financing from the Maryland Mortgage Program, along with funds from the State's Down Payment and Settlement Expense Loan Program.

ACDS administers several financial empowerment counseling programs, funded with \$350,000 in County funds. To supplement this support, ACDS applied for competitive federal Homeownership Counseling Program funds last year and was awarded \$25,340 in federal dollars. In addition, ACDS successfully applied for a competitive Maryland Housing Counseling Grant and was awarded \$75,000 and is awaiting notification for additional funds. ACDS was recently awarded funds from the State of Maryland in the amount of \$25,000 to support financial literacy efforts. Additionally, ACDS was awarded \$15,000 in competitive State tax credits through the Community Investment Tax Credit (CITC) Program, which will allow ACDS to fundraise up to \$30,000 in private donations from individuals and businesses with a Maryland income tax liability to support the Financial Literacy Counseling Program.

During Local Fiscal Year 2019, \$421,965 in CDBG funds and \$65,000 in HOME funds will leverage approximately \$600,000 in State Special Loans Program dollars to undertake the rehabilitation of homes owned by limited income County residents. In addition, homeowners in certain neighborhoods can obtain up to \$25,000 in State Lead Hazard Reduction Grant and Loan Program funds to eliminate lead based paint hazards from their homes and \$20,000 in Baltimore Regional Neighborhood Initiative for exterior enhancements.

Funding for the acquisition and rehabilitation of group homes by nonprofit organizations is provided through the County's HOME funded Community Housing Development Organization (CHDO) Acquisition and Rehabilitation Program. In Local Fiscal Year 2019, the program will be funded with \$146,368 in HOME and local match funds. Private funds will be contributed by the project sponsor to supplement federal HOME and County funds.

Anne Arundel County was awarded \$2,420,435 in Continuum of Care program funds through the 2017 NOFA competition. These funds will leverage, at a minimum, \$605,110 from County, State and private sources for projects serving homeless persons.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.**

One of the best ways to reduce the cost of new housing is to reduce the cost of land, as land is one of the largest and most critical cost factors in housing construction. As land prices rise, those costs are passed on to purchasers in the form of higher housing prices. The County and the Board of Education both own surplus land, which provides an opportunity for a creative approach using underutilized government owned property for the construction of new housing. In Local Fiscal Year 2019, the County is expected to donate land to the Housing Commission of Anne Arundel County to develop 31 units of new affordable rental housing at Meade Village in Severn. The donation of this property provides an opportunity to greatly reduce the cost for developing new affordable rental units.

## **Discussion**

### **MATCH**

ESG funds, appropriated for emergency shelter activities (\$85,000), have been awarded to Sarah's House Family Shelter which is operated by Associated Catholic Charities, Inc. (Catholic Charities). Catholic Charities also budgeted \$442,250 in private contributions, \$203,100 in United States Army Funds, \$179,220 in Anne Arundel County grants, \$29,030 in United Way funds, \$25,000 in FEMA & MEFP government grants and \$3,500 in client fees. These funds, in conjunction with the ESG funds, will be used for case management, supportive services and the operations of Sarah's House emergency family shelter. The remaining ESG funds (\$61,620) were awarded to the Rapid Re-Housing Program operated by Arundel House of Hope, Inc. (AHOH). AHOH will provide funds to cover a portion of the case management services and administrative cost associated with the management of the grant. During Local Fiscal Year 2019, \$175,641 in County general funds will be provided to meet the federal HOME Program match requirement.

Anne Arundel County works diligently toward leveraging all of its federal dollars with other sources of funds. The County regularly works with local elected officials, legislators at the State and federal levels, the State's housing finance agency, and private developers to leverage funding with non-federal and non-entitlement sources for housing and community development projects, programs and activities within the County. Subrecipients of federal CDBG public service funds and CoC program funds use private foundations, United Way, and private fundraising, as well as volunteers and in-kind services to fully fund their programs.

## Goal Descriptions

**Table 7 – Goals Descriptions**

1	Goal Name	<b>Increase Homeownership Opportunities</b>
	Goal Description	Prepare potential homebuyers for the financial responsibilities of purchasing a home, providing intensive individual budget and credit counseling, and group seminars on the home buying process. Increase housing affordability for low to moderate income first time homebuyers through mortgage write-down, closing cost and down payment assistance. Market homeownership opportunities in Priority Revitalization Communities. Planned activities may include homeownership counseling and mortgage assistance, as well as targeted market incentives in Priority Revitalization Communities. Programs will be affirmatively marketed to the County's protected classes through active outreach.
2	Goal Name	<b>Improve the Quality of Existing Homeowner Housing</b>
	Goal Description	Improve the supply of existing housing units by providing low interest financial resources to low and moderate income County homeowners to make energy efficiency improvements, eliminate substandard housing conditions, and reduce maintenance costs, thereby allowing them to remain in their homes while improving the overall quality of the community and its housing stock. Improve the quality of existing units by acquiring and rehabilitating units for sale to eligible homebuyers. Planned activities may include property rehabilitation; property repair; provision of financial counseling; and technical assistance. Rehabilitation activities will be marketed within the County's Priority Revitalization Communities.
3	Goal Name	<b>Prevent Foreclosure</b>
	Goal Description	Provide comprehensive foreclosure prevention counseling to existing homeowners by providing technical assistance and intensive one-on-one counseling to develop a plan of action, repair credit, assistance with loan modifications and lender negotiations, and legal referrals to avoid foreclosure. Planned activities may include foreclosure prevention counseling and referrals. Program will be affirmatively marketed within the County's Priority Revitalization Communities and affirmatively marketed to the County's protected classes.
4	Goal Name	<b>Improve Quality of Existing Affordable Rental Unit</b>
	Goal Description	Improve the quality and affordability of existing small scattered site rental units and large multifamily affordable rental housing communities by providing technical assistance and financing to property owners. Planned activities may include providing funding for the rehabilitation of rental housing and the provision of PILOTs.
5	Goal Name	<b>Increase the Supply of Affordable Rental Units</b>
	Goal Description	Increase the supply of affordable rental housing by encouraging and facilitating construction by private developers of new affordable rental units, with priority given to family housing. Planned activities may include providing funds for rental production and provision of PILOTs. Developers will be required to formulate and follow an affirmative marketing plan to target units to the County's protected classes.
6	Goal Name	<b>Provide Support Services to Cost Burdened Renters</b>
	Goal Description	Provide financial literacy counseling and education to cost burdened renters to stabilize their housing situation and improve their economic outlook.
7	Goal Name	<b>Improve Quality of Existing Public Housing Units</b>
	Goal Description	Support the financial repositioning of the County's public housing inventory away from traditional public housing financing in an effort to improve, maintain, and ensure the long term viability and affordability of the existing housing stock. Planned activities may include the rehabilitation of an existing public housing community to continue to serve the County's low income households. The Housing Commission will be required to formulate and follow an affirmative marketing plan to target units to the County's protected classes.
8	Goal Name	<b>Increase Services to Public Housing Residents</b>
	Goal Description	Support programs that provide services to the public housing residents enabling them to improve the quality of their lives. Planned activities may include recreation and education programs for youth, and congregate services for the elderly.
9	Goal Name	<b>Improve the Quality of Existing Special Needs Housing</b>
	Goal Description	Improve the quality of housing for special needs population by assisting nonprofit organizations with the rehabilitation of existing group homes. Encourage the development of housing with enhanced technology such as Smart Homes monitoring to help people with special needs to live independently. Planned activities may include a rehabilitation program for group homes housing persons with special needs.
10	Goal Name	<b>Increase the Supply of Special Needs Housing</b>
	Goal Description	Increase the supply of housing for persons with special needs to live as independently as possible through various mechanisms such as the acquisition and rehabilitation of group homes, new construction of group homes, and expansion of rental assistance programs. Planned activities may include financing for an acquisition and rehabilitation program or new construction multi-family rental projects.

**Anne Arundel County Annual Action Plan: Local Fiscal Year 2019**

11	Goal Name	<b>Maintain Expand Rental Subsidies for Special Needs</b>
	Goal Description	Expand, maintain and create new tenant based rental subsidy programs for the special needs population. Planned activities may include tenant based rental subsidy programs targeted to special needs populations.
12	Goal Name	<b>Promote Special Needs Housing Options</b>
	Goal Description	Promote housing for the special needs population and elderly by helping homeowners and group home owners make accessibility repairs and alterations to their homes, thereby allowing them the option to remain in their homes. Support programs which provide services for the elderly and for persons with disabilities enabling them to age in place. Planned activities may include accessibility modification programs, moderate repair programs, and congregate services.
13	Goal Name	<b>Prevent Homelessness</b>
	Goal Description	Provide the resources to prevent homelessness by offering financial assistance and financial counseling to households at risk of losing their homes. Planned activities may include financial assistance to prevent eviction, including first month rent, security deposits and utility payment, and financial counseling, and referral services program.
14	Goal Name	<b>End Chronic Homelessness</b>
	Goal Description	Maintain and expand the supply of permanent supportive housing and services for chronically homeless individuals. Planned activities may include the development and expansion of tenant based rental assistance programs, development of permanent supportive housing units or group homes, and the provision of case management.
15	Goal Name	<b>Increase and Sustain Permanent Supportive Housing</b>
	Goal Description	Support efforts to maintain and expand the supply of permanent supportive housing options to help rapidly return people experiencing homelessness to stable housing, with priority given to families, veterans and unaccompanied youth. Planned activities may include the development and expansion of tenant based rental assistance programs, rapid-rehousing programs, group housing/SROs, financial counseling, and the provision of accompanying services.
16	Goal Name	<b>Maintain and Expand Interim Housing Options</b>
	Goal Description	Provide a variety of interim or short-term housing options for the homeless with the purpose of helping those served become quickly re-housed and economically secure by supporting the continued operation and enhancement of existing emergency, transitional housing, and domestic violence shelters. Support the development of new facilities based on demonstrated community need. Planned activities may include operational support for transitional housing, housing for victims of domestic violence, emergency shelters and the development of new facilities.
17	Goal Name	<b>Provide a Continuum of Comprehensive Services</b>
	Goal Description	Provide a continuum of comprehensive services allowing the homeless to become quickly rehoused and economically secure including (i) providing comprehensive essential services to increase stability and economic security, (ii) developing outreach programs to engage homeless individuals and family, including chronically homeless, and (iii) supporting and enhancing the capacity for the community to end homelessness through data collection, coordination, and planning. Planned activities may include support for day programs; case management; mental health programs; employment, education and training services; financial counseling; life skills classes; workplace training; child care; outreach programs; support for data collection (HMIS); and coordination and planning activities.
18	Goal Name	<b>Implement Regional &amp; Local Fair Housing Plans</b>
	Goal Description	Explore land use regulations which will encourage developers to provide affordable housing for low and moderate income wage earners in commercial districts. Promote fair housing enforcement, outreach and education throughout the County. Explore educational programs that may change community misconceptions about affordable housing. Support regional efforts to implement the Regional Fair Housing Action Plan. Planned activities may include outreach and education, supporting a regional policy of no net loss of units, establishing regional porting standards for tenant based vouchers, establishing a regional project based voucher program, and continuing outreach and education around fair housing.
19	Goal Name	<b>Increase Supportive Services</b>
	Goal Description	Support programs and services which seek to improve the quality of life for persons and households residing in Priority Revitalization Communities. Planned activities may include after school and child care programs, health services, family support programs, and crime prevention programs.
20	Goal Name	<b>Increase Economic Development Opportunities</b>
	Goal Description	Support programs and services that help the County's low and moderate income residents achieve financial and economic independence. Planned activities may include job training; education; affordable child care; and transportation programs.
21	Goal Name	<b>Administration</b>
	Goal Description	Funds used for the planning and administration of federal CDBG, HOME, ESG, HOPWA, and CoC programs and County funded programs.

In Local Fiscal Year 2019, the County estimates the number of extremely low income, low income, and moderate income families to whom affordable housing will be provided as defined by HOME 91.215(b), as the following:

- (1) 76 income eligible homeowners will be assisted – of these, it is estimated 16 will be moderate income families, 52 will be low income families, and eight will be extremely low income families;
- (2) 230 income eligible renter households will be assisted – of these, it is estimated that 70 households will be extremely low income, 102 households will be low income, and 58 will be moderate income households;
- (3) 32 persons with special needs will be assisted – all of which will be extremely low income; and
- (4) 25 homeless households will be assisted – all of which will be extremely low income.

## AP-35 Projects

### Introduction

The *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020* contains a strategic plan for addressing the County's housing and community development needs. This Plan provides a comprehensive analysis of the needs of County residents and sets out specific goals, strategies, and outcomes to address the needs over a five year period. This section outlines how the funds available during Local Fiscal Year 2019 will be used to achieve the Plan's goals and outcomes.

The projects, programs, and activities outlined in this section were selected to address the priority needs, goals, strategies, and outcomes (outlined in Table 7 – Goal Summary) developed through an intensive public planning process and analysis based on data received through a housing market study and needs assessment. Through this planning process, the County identified specific strategies to address the needs in the following goal areas: (i) Homeownership Housing; (ii) Rental Housing; (iii) Public Housing, (iv) Special Needs Population; (v) Homeless Population; (vi) Further Fair Housing; (vii) Non-Housing Community Development; and (viii) Historic Preservation. The following projects, programs and activities funded with County entitlement funds – CDBG, HOME, and ESG – seek to address the priority needs and to meet the goals identified in the Consolidated Plan. Other projects, funded with other federal dollars, such as CoC or HOPWA funds, designed to address the other goal areas, are discussed throughout the remaining sections of this Action Plan.

### Describe the reasons for allocation priorities and any obstacles to addressing underserved needs.

The main vision guiding the *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020* is to implement strategies creating a strong and vibrant community, both socially and economically, to create and maintain a diverse community of workers and a broad range of housing options for all income levels. Given the severe housing cost burden and risk of homelessness experienced by those at the lowest end of the economic spectrum, the County's limited federal

resources will be prioritized for the stabilization and expansion of affordable housing. An expanded supply of workforce housing will enable health aides, hospitality and retail workers, teacher aides, daycare workers, and other low and moderate income workers from the public, private and nonprofit sectors to live and be productive citizens of Anne Arundel County.

New affordable housing developments located in Opportunity Areas will be given priority, while efforts to stabilize and preserve affordable housing stock, and to provide services to improve the quality of life, will be given preference in the Priority Revitalization Communities. This vision guided the selection of projects and the allocation of funds, reflecting the need to provide housing support to low and moderate income households, as well as needed services to residents of the County's Priority Revitalization Communities, special needs, and homeless populations.

In Local Fiscal Year 2019, the County will use this vision along with its goals developed for the Consolidated Plan to target the County's limited resources. As in previous years, increasing affordable housing options through various methods continues to be a priority.

Objective: Provide Decent Affordable Housing. Outcome: Affordability.  CDBG Citation: 570.202(b)(1) and 570.201(a). CDBG National Objective: 570.208(a)(3) - Low/Mod Housing.
	<b>Target Date</b>	6/30/2019
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	A total of six (6) low to moderate income families will be provided with affordable housing during LFY 2019. Rental units available through the Scattered Sites Rental Program are available to County residents who (a) pass credit and criminal background checks, (b) demonstrate an acceptable previous rental history, and (c) have a household income at or below 80 percent of the area median income.
	<b>Location Description</b>	The Scattered Site Rental Program will be targeted to the Priority Revitalization Communities. The Priority Revitalization Communities encompass the County's established neighborhoods and have many appealing qualities, including close proximity to jobs and a range of housing choices. At the same time, however, they are challenged as they contain census block groups with a high concentration of low and moderate income households relative to the County as a whole. The U.S. Department of Housing and Urban Development (HUD) has defined areas of low and moderate income concentration as those block groups that fall within a jurisdiction's top quartile of block groups with a high percentage of low and moderate income households. For Anne Arundel, this includes any block group where 35.27 percent or more of the households have incomes at or below 80 percent of the area median income. The low and moderate income areas are located throughout the County, but are predominately in the County's northern and western regions, including Brooklyn Park, Pumphrey, Harundale and the Crain Highway corridor in Glen Burnie, parts of Pasadena, parts of Severn/Odenton, parts of Jessup and Maryland City/Laurel. To the south, parts of Annapolis, Parole, and Edgewater, Deale and South County near Wayson's Corner are included as Priority Revitalization Communities.
25	<b>Planned Activities</b>	During Local Fiscal Year 2019, \$450,000 in CDBG funds and \$47,245 County funds will be utilized through the Scattered Sites Rental Program to continue efforts to revitalize the County's Priority Revitalization Communities. These funds will be leveraged with State Lead-Based Paint Hazard Reduction Grant and Loan Program funds and Maryland Community Legacy funds. ACDS, on behalf of Anne Arundel County, will acquire and rehabilitate six (6) homes to be rented to income eligible households.

	<b>Location Description</b>	Vehicles for Change: 4111 Washington Blvd., Baltimore, MD 21227
	<b>Planned Activities</b>	In Local Fiscal Year 2019, \$15,000 in CDBG funds will be allocated to support the Vehicles for Change Program. This Program prepares donated cars for resale at a low cost to limited income households to enable them to maintain employment and become financially secure and independent. The Program is expected to benefit approximately six (6) limited income households over the next year.

## AP-50 Geographic Distribution

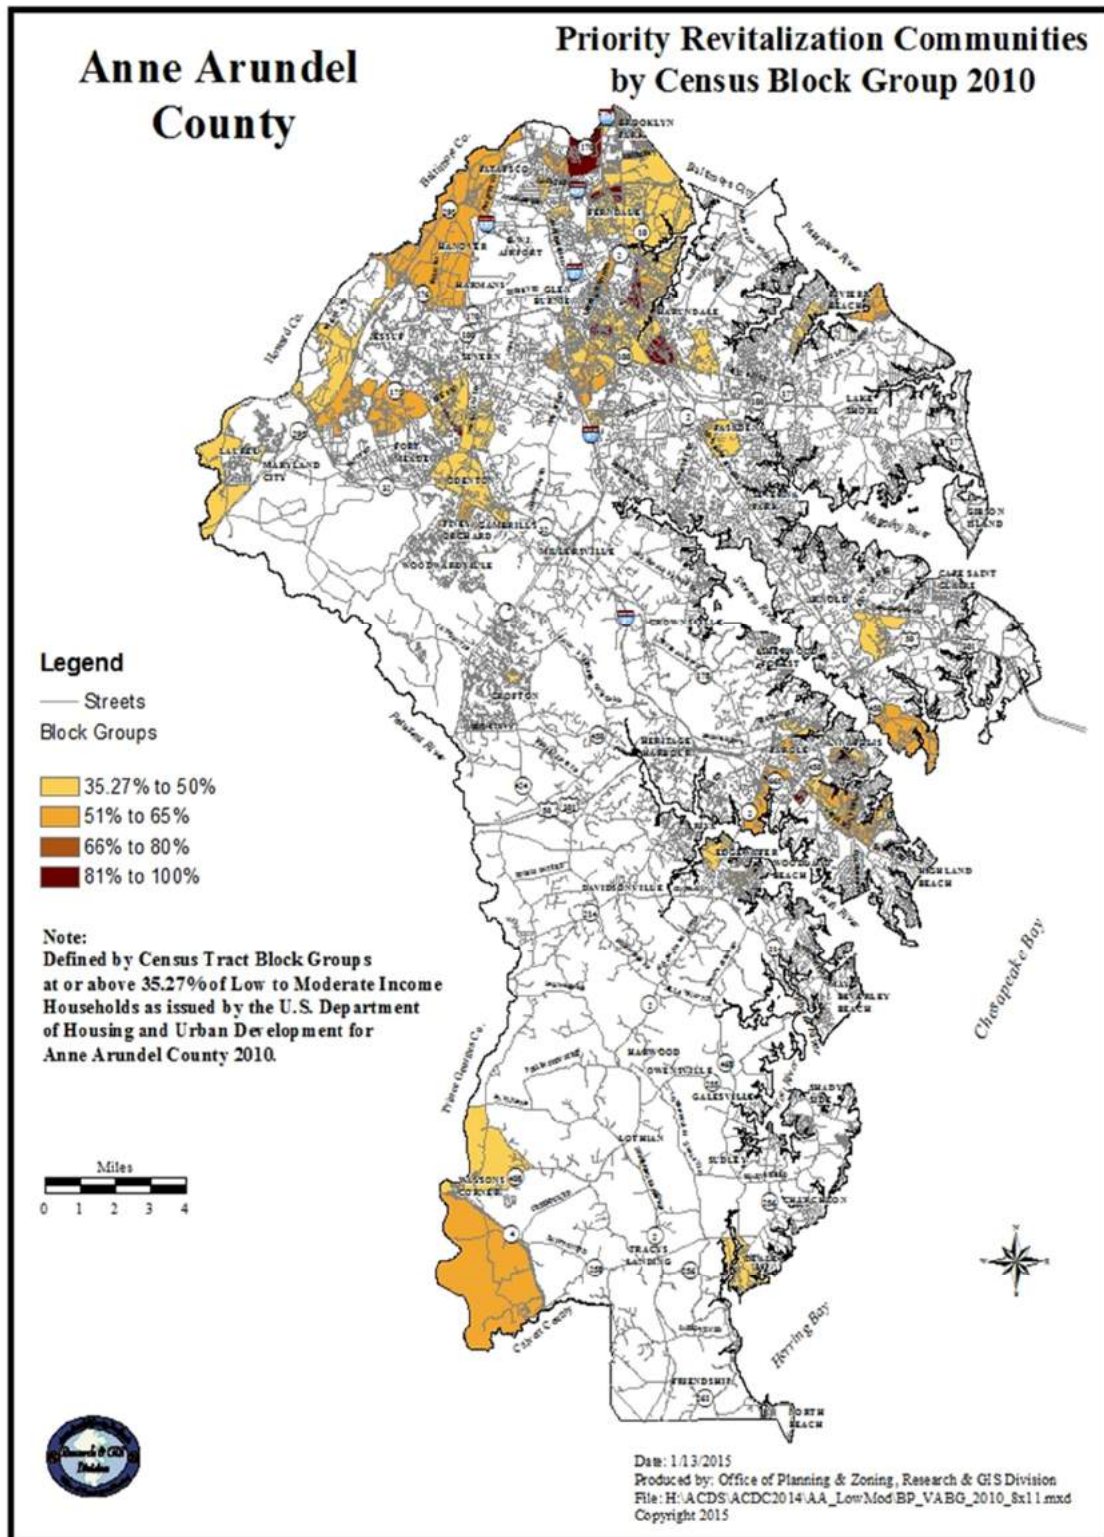

**Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed.**

Priority Revitalization Communities (see Map 1) and Opportunity Areas (see Map 2) were defined in the Consolidated Plan. Priority Revitalization Communities encompass the County's established neighborhoods and have many appealing qualities, including close proximity to jobs and a range of housing choices. At the same time, however, these areas are challenged as they contain census block groups with a high concentration of low and moderate income

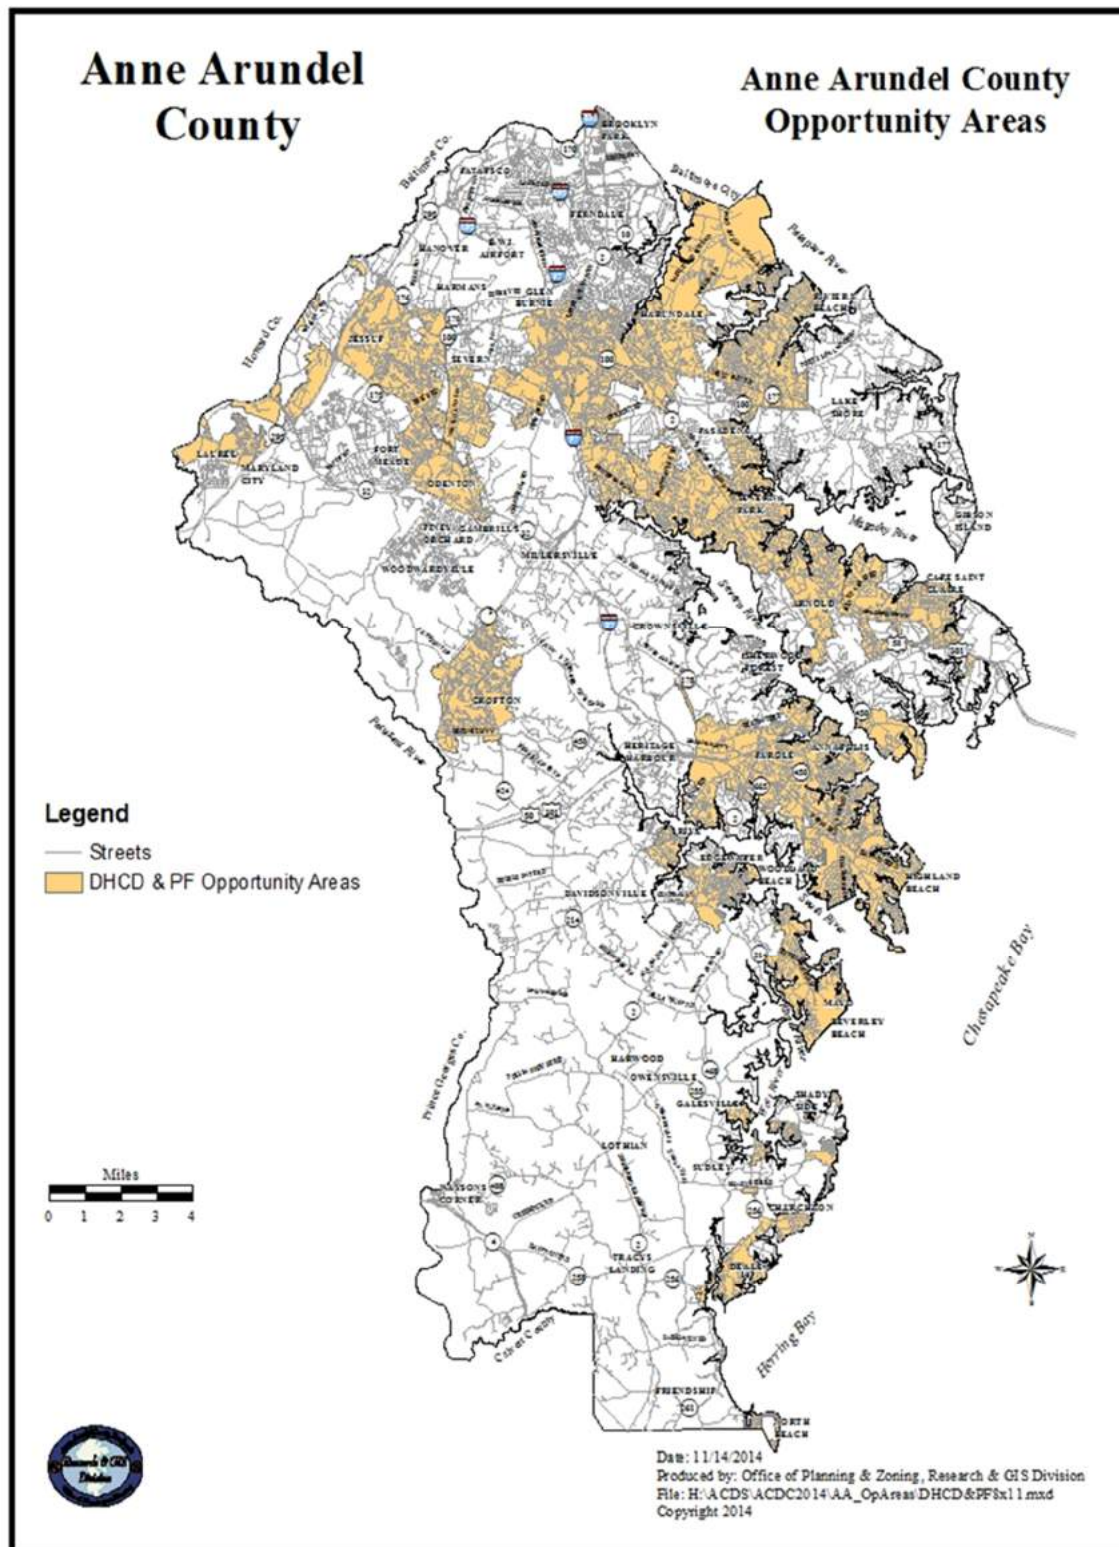

households relative to the County as a whole. HUD has defined areas of low and moderate income concentration as those block groups who fall within a jurisdiction's top quartile of block groups with a high percentage of low and moderate income households. For Anne Arundel County, this includes any block group where 35.27 percent or more of the households have incomes at or below 80 percent of the area median income. The low and moderate income areas are located throughout the County, but are predominately in the County's northern and western regions and in some southern areas of the County.

Map 1 – Priority Revitalization Communities by Census Black Group 2010

Map 2 – Anne Arundel County Opportunity Areas

Many of these block groups also contain a high percentage of minorities, a higher percentage of older housing stock, a greater share of the County's affordable and assisted housing, and a higher rate of foreclosure. The high concentration of minority populations further enforces the geographical location of the County's Priority Revitalization Communities. The County has designated several commercial corridors which are older and in need of revitalization or redevelopment because of the aging infrastructure, older buildings and/or increased vacancies as Commercial Revitalization Districts. These Commercial Revitalization Districts tend to be concentrated in the western and northern parts of the County and are for the most part, located in or around our Priority Revitalization Communities.

The County utilized the Maryland Department of Housing and Community Development (DHCD) definition for "Communities of Opportunity" and then eliminated any area not in a County designated Priority Funding Area to define its second targeted geographic area, called Opportunity Areas. These Opportunity Areas, which are located in areas for growth and development, tend to be concentrated in the western part of the County in and around Odenton/Severn, and in the eastern part of the County, as well as parts of Crofton, Deale and areas surrounding the City of Annapolis. DHCD uses an index to rank each census tract in the State, based on three groups of indicators. The three indicator groupings include (i) community health, (ii) economic opportunities, and (iii) educational opportunities. As it relates to community health, census tracts were rated based on median household income, percent of owner-occupied households, median home values, recent population growth, poverty rate, and the property vacancy rate. Areas of opportunity were also identified as having high economic opportunities, both in terms of low unemployment rates and reasonable commute times to employment, compared to the State as a whole. Educational opportunities were ranked based on the Maryland school assessment scores, as well as the percent of the population with high school diplomas and college degrees. The County's Priority Funding Areas are areas in the County which have – or are in planned areas for – public water and sewer service and are slated for growth consistent with the County's Comprehensive Land Use Plan.

## Geographic Distribution

**Table 10 – Geographic Distribution**

Target Area	Percentage of Funds
Opportunity Areas	10%
Priority Revitalization Communities	24%

## Rationale for the priorities for allocating investments geographically

Priority Revitalization Communities were established in part due to their aging housing stock, including both single family and multifamily. This designation provides an opportunity to

target and prioritize limited rehabilitation funds with the aim of improving the housing quality standards while ensuring that the housing remains affordable to low and moderate income households. Additionally, these areas, where there is a higher concentration of low and moderate income households, present an opportunity for the County to prioritize its limited public service funds in order to improve residents' socio-economic status and quality of life through quality programming. These programs include after school programs, child care services, job skills training, eviction prevention assistance and homeownership counseling, just to name a few.

For LFY 2019, assistance will be directed to Priority Revitalization Communities to support a variety of revitalization activities and programs which improve residents' quality of life, including programs for youth, and the acquisition and rehabilitation of scattered site properties. Specifically, the Scattered Sites Project will purchase homes to be rehabilitated and rented to low income residents in the Brooklyn Park area; and, the Spring Meadows Exterior Renovations Project will fund rehabilitation of a struggling condominium community in the Severn area.

Opportunity Areas in the County are areas with strong schools, a strong housing market, low concentration of poverty, and healthy economic characteristics. These areas provide a positive environment for families to raise children and allow elderly persons to live in a healthy community. Few affordable housing units exist in the Opportunity Areas. Anne Arundel County's Analysis of Impediments to Fair Housing Choice, prepared by Mullin & Lonergin Associates, calls for the County to invest its HOME funds for new family rental housing units on sites outside of "impacted areas," or conversely, within Opportunity Areas. Developing quality affordable units which are well managed and contribute to the vitality of the community, while providing the County's workforce an affordable place to reside are needed. Similarly, the Thompson v. U.S. Department of Housing and Urban Development Consent Decree calls for developing new affordable housing in "non-impacted" areas, which are areas where there are good schools, low concentrations of poverty, low concentrations of minorities, positive housing values and other healthy economic indicators.

In Local Fiscal Year 2019, the County is planning on investing HOME funds in the redevelopment of the 200 unit Meade Village Public Housing Community which will include the construction of an additional 31 new affordable units some of which will be built on surplus land donated by the County.

## Discussion

Low and moderate income families lack affordable housing choices throughout the County, especially in Opportunity Areas, which are defined by the Maryland Department of Housing and Community Development. As described in the *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020*, the existing affordable units tend to be concentrated in the older areas of the County, along with the County's older housing stock. These areas, which also have a high concentration of minorities, are referred to as Priority Revitalization Communities and may have substandard housing issues. The Plan acknowledges that low and moderate income households within Anne Arundel County, many of whom are concentrated in the County's Priority Revitalization Communities, need public services, such as employment training and affordable child care, in order to improve their economic standing. The Plan also recognizes the need to balance the creation of new affordable units in Opportunity Areas with stabilizing and improving the County's existing stock of affordable housing. To that end, we anticipate investing federal funds into Opportunity Area projects in future years as projects become available and other sources of financing, such as Maryland Community Development Administration (CDA) loans and Low Income Housing Tax Credits are awarded to projects located within Opportunity Areas in Anne Arundel County.

## AP-55 Affordable Housing

### Introduction

The following tables only reflect the number of affordable housing units or housing assistance to be provided with funding from the CDBG, HOME, and ESG programs. The County also offers several other programs, including HOPWA and CoC funded tenant based rental assistance program which are targeted to the homeless and special needs population. The CoC funded program will provide tenant based rental assistance to 195 homeless households, and the HOPWA Program will provide tenant based rental assistance to 32 households.

The County will seek to expand rental assistance to the homeless, special needs populations, and very low income population during the next year.

## AP-60 Public Housing

### Introduction

The Housing Commission has an approved Public Housing Authority Agency Plan which focuses on providing a variety of housing units and programs to assist very low income households obtain or maintain affordable rental housing in the County. The Housing Commission is dedicated to strengthening communities and improving the lives of Anne Arundel County citizens focusing on the ownership, management, sustainability and preservation of affordable housing. The Housing Commission owns and operates over 900 housing units in nine communities located in the County. Seven of these communities are federally defined public housing communities of which four are restricted to senior and disabled residents. The senior communities include Pinewood Village, Pinewood East and Glen Square in the Glen Burnie and Stoney Hill in Odenton. Family communities include Meade Village in Severn and Freetown Village in Pasadena. In addition to the public housing properties, the Housing Commission also co-owns and manages Heritage Crest which is an affordable community for elderly residents. The Housing Commission is in the process of completing the second phase of redeveloping Burwood Gardens, one of their oldest communities. Now named Heritage Overlook, the project is expected to finish construction of 100 apartments and townhomes for persons with disabilities and working families by late Spring 2018.

As of March 2018, the Housing Commission had a total of 4,614 households on its public housing waiting list with an average waitlist time of two to five years. In addition, there were 5,919 families on the Housing Choice Voucher waiting list with an average waitlist time of over 10 years. The Housing Commission decided in July 2014 to close the Housing Choice Voucher waitlist for the first time ever and it continues to be closed. The high numbers of households waiting for assistance on both public housing and Housing Choice Vouchers reveal a great deal

about the need for housing assistance, as well as the composition of the populations seeking assistance.

### **Actions planned during the next year to address the needs to public housing.**

In 2015, HUD approved a portfolio conversion of the Housing Commission's public housing communities under Rental Assistance Demonstration (RAD). At this time, the Housing Commission is in the process of working through the requirements and plans to convert all of their properties to Project Based Rental Assistance (PBRA) or Project Based Vouchers (PBV) in the next several years. Freetown Village and Meade Village have already received approval for financing and conversion and are scheduled to convert during the next two years. The communities will receive full modernization of kitchens, bathrooms, flooring, systems, facades, common areas and amenities. Both communities will also see the construction of additional, new units to create a mixed income environment. The remaining communities are currently in the financial planning process. RAD is an effort to address the capital needs of the aging public housing by providing access to private sources of capital to repair and preserve it affordable housing assets. All of the communities will be redeveloped via public-private financial partnerships with the Housing Commission serving as developer and manager using Low Income Housing Tax Credits, Maryland Rental Housing Production funds, County HOME funds and other potential gap funding resources as needed.

The Housing Commission is in the process of finishing the reconstruction of Burwood Gardens, one of the oldest public housing communities. Now named Heritage Overlook, it is expected to be completed and fully leased by June 2018. This project consists of the construction of 100 apartments and townhomes for persons with disabilities and working families. As stated previously, the Housing Commission is moving ahead with the redevelopment of both the Freetown Village and Meade Village public housing communities. Freetown Village, built in 1977, began a major rehabilitation of 153 family units, as well as the new construction of 36 new units in Local Fiscal Year 2018. In Local Fiscal Year 2019, the Housing Commission plans to redevelop the 200 unit Meade Village Public Housing Community including the construction of an additional 31 affordable units on surplus land donated by the County.

Public housing residents can participate in a variety of programs to improve their educational and career profiles in an effort to strive for financial independence. The Housing Commission's Family Self Sufficiency Program assists families with leaving the public assistance system to achieve economic self-sufficiency. During LFY 2019, this federally funded program will be supplemented with approximately \$200,000 in County funds allowing for the Housing Commission to substantially increase the members of the families participating in this program. The Commission and its partners assist with accessing services such as child care, transportation, remedial education, job training, treatment and counseling for substance abuse, and credit counseling. More than 200 families are participating in this program.

The Housing Commission provides a variety of essential services that work in tandem with quality housing to create a productive and comfortable environment for their residents. Support to public and assisted housing residents through counseling and referrals address the social, health, emotional and economic problems and other barriers to independence and homeownership. Additionally, other support is provided to the residents through effective and creative partnerships with other agencies and businesses such as the Boys & Girls Clubs of Annapolis and Anne Arundel County, Inc. and the Anne Arundel Workforce Development Corporation's One Stop Career Services Centers.

### **Actions to encourage public housing residents to become more involved in management and participate in homeownership.**

The Housing Commission encourages its public housing residents to become involved in their communities. Resident Councils operate at each of the public housing communities, providing a forum for residents to express their concerns and needs at monthly meetings. A 14 member Resident Advisory Board meets quarterly with key Housing Commission staff, providing a conduit for communicating information, sharing ideas, and ensuring the concerns of the residents are clearly identified, analyzed and evaluated for service. In addition, the Housing Commission has a resident serve on their Board of Commissioners.

Residents are also encouraged to provide feedback about their housing quality and communities. The Capital Fund Program is reviewed and updated annually through personal interviews with residents. This process provides an opportunity for residents to rate the quality of each facet of their housing, as well as the services provided. The information is reviewed to identify areas of greatest concern. In addition, personal interviews and surveys are conducted with each resident from all of the public housing communities to assess opinions relative to conditions within their personal living units, as well as the property in general, management and maintenance issues, and the resident services provided. These results are analyzed quarterly and used as a tool in setting priorities and establishing programs for maintenance services, resident services and management improvements.

Participants whose goal is homeownership are encouraged to take part in the Homeownership Voucher Program, which allows residents who are ready for homeownership to use their vouchers toward a mortgage payment. Interested participants are referred to the Homeownership Counseling Program administered by ACDS. Through the Homeownership Counseling Program, clients receive individual counseling for overcoming credit problems and are provided with information on budgeting for a home purchase, obtaining a mortgage loan, and preparing for settlement. These families may also receive assistance through the County's Mortgage Assistance Program, which provides financial assistance towards the closing costs and down payment.

**If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance.**

The Housing Commission of Anne Arundel County is not designated as troubled.

## **Discussion**

Long waiting lists and a limited number of public housing units have contributed in deterring the County's low income residents from finding affordable housing options. The County's public housing units rarely become available to alleviate the long waiting list. It typically takes two to five years for one of these units to become vacant. It takes even longer for a resident on the housing choice voucher waiting list to receive a subsidy providing them with a broader range of housing options in the County. As a result, the long waiting list and timeframes prompted the Housing Commission to close its waiting list in 2014. With approximately 10,000 County residents waiting for either a public housing unit or a Housing Choice Voucher, it is apparent the County has an ongoing need for housing affordable to all of its residents.

## **AP-65 Homeless and Other Special Needs Activities**

### **Introduction**

Anne Arundel County has a collaborative and well-coordinated community based planning process seeking to ensure the needs of persons who are homeless or at-risk of homelessness within the County are being met. The County provides a continuum of housing and services including prevention, outreach, and supportive services, as well as emergency, transitional, and permanent housing. ACDS, with support from the Department of Social Services (DSS), coordinates the CoC Planning Group, referred to as the Anne Arundel and Annapolis Coalition to End Homelessness (Homeless Coalition). The Homeless Coalition is responsible for developing the competitive CoC application and for developing the plan to end chronic homelessness in Anne Arundel County.

The Homeless Coalition consists of over 50 County and City of Annapolis agencies, concerned citizens, nonprofit homeless service providers, private nonprofit organizations serving special needs clientele, as well as others with interests and roles in ending homelessness in the County.

The Homeless Coalition has continually supported the County's successful applications for federal funds and the development of new programs and services to address the needs of the homeless population. For example, Anne Arundel County applied through HUD's 2017 federal competitive application process and was awarded a total of \$2,420,435 in competitive 2017 CoC funds. The funds will be used to provide housing for chronically homeless persons and

families. The Homeless Coalition is in the process of strengthening the County's coalition and overall continuum of care for the homeless. Homeless Coalition members play an active role in the implementing the *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020*, as well as providing input in the development of the LFY 2019 Annual Action Plan.

**Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs.**

Anne Arundel County has adopted a *No Wrong Door* coordinated entry model for its emergency shelter system. This means any person seeking shelter can present at any number of shelters or programs to be screened for emergency shelter. The screening assessment tool is designed to target individuals and families in need of shelter on the night which they request shelter, meaning they must be willing and will need to present at the shelter if a bed is available on the same day they request and are screened for emergency shelter. All individuals or families screened will be referred to a gatekeeper located at DSS. The gatekeeper will manage the shared waitlist, prioritizing vulnerability based on the assessment, determine eligibility, and placement. Emergency shelters will provide a daily count of available beds. If a bed is not available on the same day a client requests shelter, they will be placed on a wait list; however, they will be expected to be present at the shelter on the day that the bed space becomes available. Assessments can be completed at any of the County's homeless shelters, by the DSS Homeless Outreach Team and by the Anne Arundel County Mental Health Agency Crisis Team. Assessments can also be completed by the YWCA on their domestic violence hotline and by the Anne Arundel County Mental Health Agency on their Warmline. The County's CoC is implementing its sheltered coordinated entry system in phases beginning first with DSS screening for the Sarah's House program, followed by The Light House in early summer of 2018, and finally, screening for the Winter Relief Shelter in October 2018.

Further, all homeless persons entering the County's homeless continuum of care (e.g. outreach, shelter, day programs, etc.) are screened with the VI-SPDAT assessment. Completed VI-SPDAT assessments are submitted to the Homeless Coordinator at DSS where they are processed and scored based on vulnerability and "risk of death" and then placed on the Access Housing list. Only those individuals with a completed VI-SPDAT and ranking on the Access Housing list can access CoC and HOME funded permanent supportive housing programs.

The County's continuum for the homeless has several outreach teams including the Homeless Outreach Team, the Crisis Response Team and two Assertive Community Treatment (ACT) Programs. The Homeless Outreach Team funded with \$25,000 in CDBG funds and County

general funds work to build relationships with individuals living in homeless camps throughout the County in order to link them to services and housing. The ACT Program receives referrals from the police, hospitals, and shelters when a homeless person is in crisis. In addition, Arundel House of Hope and The Light House provide outreach services, case management, a day shelter, meals, and links to mainstream resources. The CoC also hosts an annual Homeless Resource Day which allows service providers to successfully reach out to the homeless and those at-risk of homelessness. This event is well publicized to the entire community. The Homeless Resource Day, offering comprehensive services, allows service providers to offer their services in a concentrated manner on one day, as well as to set up appointments for follow-up visits.

On May 15, 2018, ACDS submitted a consolidated application on behalf of the Anne Arundel County Continuum of Care for the Maryland State Homelessness Solutions Program (HSP). The HSP grant would continue to provide housing stabilization and outreach funding to a number of community partners in the county.

### **Addressing the emergency shelter and transitional housing needs of homeless persons.**

*Emergency Shelter* – Anne Arundel County has 53 year round emergency beds for individuals, 85 seasonal emergency beds for individuals, and 99 year round emergency beds for families. Typically, emergency shelters provide temporary housing for up to 90 days, along with three meals, case management, life skills, training, housing search assistance and other supportive services. The rotating church shelter, called the Winter Relief Program, provides transportation, meals, and temporary housing between the hours of 5:00 p.m. and 7:00 a.m. from October through April. An additional 54 freezing weather beds are provided by local shelters and the City of Annapolis. There is generally a shortage of emergency shelter for both families and individuals in the County, especially during the summer months when the rotating shelter and freezing weather beds are unavailable.

In Local Fiscal Year 2019, Sarah's House, operated by Associated Catholic Charities, Inc., will receive \$85,000 in Emergency Solutions Grant (ESG) funds from the County. Sarah's House provides emergency shelter to the County's homeless population, as well as a wide array of supportive services. It is estimated 425 homeless persons, including children, will be assisted by Sarah's House during the next year.

*Transitional Housing* – Arundel House of Hope (AHOH) will continue to provide several transitional housing programs for the homeless in the County including the Fouse Center for 10 homeless men, the Patriot House for six homeless veterans, and four transitional housing units for homeless families. The Fouse Center is funded with \$100,000 in County funds.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.**

The County is committed to ending chronic homelessness by outreaching and developing housing options for this population. The Homeless Coalition has embraced the Housing First Model as its strategy for ending chronic homelessness. As part of the development of the County's Coordinated Assessment process, the Homeless Coalition adopted VI-SPDAT as its assessment tool and incorporated it into the HMIS system. The VI-SPDAT is a nationally accepted and recommended survey tool which evaluates and ranks each homeless individual or family based on a number of risk factors and generates a centralized list of most vulnerable, chronically homeless individuals and families. Those who are ranked as the most vulnerable and chronically homeless are given priority for all of the County's HUD funded permanent supportive housing programs and other services. The centralized list is a coordinated waitlist for all HUD funded permanent housing programs in the County.

The County uses a rapid re-housing strategy for homeless families and provides ESG funded rapid re-housing to approximately 10 families per year. Additionally, the County received a new FY2016 CoC funded rapid re-housing grant to re-house approximately eight homeless families per year. The County is allocating \$192,500 in HOME and County funds for a tenant based rental assistance program to house homeless families and individuals. Additionally, the United Way of Central Maryland has funded a prevention and diversion program, including a rapid re-housing strategy for families in the County. The County's family shelters also work to help families increase their incomes so that they can afford housing. Given the high cost of housing, many homeless families stay with other family members after they leave the shelter.

The County seeks to end homelessness among Veterans as well. AHOH operates Patriot House, a Veteran's Administration (VA) per diem funded transitional housing program for homeless Veterans. AHOH works closely with the Baltimore VA Medical Center to ensure each veteran receives necessary medical care, services, and access to permanent housing through the HUD Veterans Affairs Supportive Housing (VASH) Program. Many graduates of the program improve their income enough to afford unsubsidized housing as well. Additionally, outreach workers from the Baltimore VA Medical Center come to the AHOH Homeless Resource Center on a monthly basis to link homeless Veterans to other supportive services. Also, additional County general funds will be available to house and provide case management to homeless Veterans in the next year.

Staff in the various shelters all work to reduce recidivism. Currently, approximately 35 percent of sheltered homeless individuals and families experience more than one episode of homelessness and return to a shelter. This is due in part to the high cost of housing in Anne Arundel County and the difficulty low income individuals face in finding units they can afford without a subsidy. Those who enter CoC funded permanent housing seldom return to emergency shelters. The County incorporates the following strategies to reduce returns to homelessness: (1) provide comprehensive case management and continued aftercare service once a participant leaves; (2) build linkage to all mainstream resources; and (3) focus on increasing employment and income by ensuring the homeless are linked to employment services or receive all benefits, such as SSI, for which they may be eligible.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

One of the County's key strategies for ending homelessness is to prevent individuals from becoming homeless in the first place. A number of County agencies assist households in avoiding homelessness by providing financial assistance to prevent eviction, as well as to help with preventing the disconnection of utilities. The County uses CDBG, FEMA, State, and private funds to provide this assistance. Additionally, the United Way has funded a prevention and homeless diversion program. In Local Fiscal Year 2019, \$40,000 in CDBG funds will be allocated to Anne Arundel County Community Action Agency, \$25,000 in CDBG funds will be allocated Calvary Economic Development Corporation, and \$20,000 in CDBG funds will be allocated to Anne Arundel County Partnership for Children, Youth, and Families to provide eviction prevention, utility turn-off assistance and help with first month's rent. Additionally, the County has made available \$90,000 in flexible funding to support the Anne Arundel County Mental Health Agency to provide short-term emergency housing, eviction prevention, and other needed housing assistance to individuals to maintain and potentially obtain housing.

The County has developed discharge plans and strategies, depending on the population being served, to prevent individuals being discharged from a publicly funded institution – such as foster care, hospitals, mental health programs, and or jail – from becoming homeless. DSS is responsible for implementing discharge planning for children in foster care. The County's goal is to make sure every child has a permanent supportive connection before they age out of care.

Although there are no publically funded hospitals or health care facilities in the County, the two privately funded hospitals work with DSS to help ensure individuals leaving these facilities are not released to homelessness. Both the Baltimore Washington Medical Center and the Anne

Arundel Medical Center employs social workers to link patients to services prior to discharge. The inpatient hospital treatment team completes a needs assessment upon entry into the facility and develops a treatment plan addressing needs such as mental health, housing, substance abuse, job skills, and life skills. Anne Arundel County Mental Health Agency also employs aftercare service workers who provide the local link between psychiatric hospitals, residential treatment facilities and community resources to ensure effective discharge planning.

The Health General Article, 10-809 Annotated Code of Maryland, prohibits discharges from State mental health facilities to homelessness. The County makes every effort to prevent individuals exiting the County Detention Centers from becoming homeless. The Detention Centers provide case management, including discharge planning, to all individuals sentenced for a time period of greater than seven days in the County's two detention facilities. Detainees are referred to internal GED training; job training, drug treatment, and other life skills type courses in order to prepare for their exit from the detention center. Mentally ill detainees are referred to the State funded Mental Health Jail Project which link inmates to services and housing upon discharge from the jail. The Detention Center hosts on-site Community Service Fairs to help link in-mates to programs, services and housing options upon release.

## Discussion

The County has been successful at applying for competitive CoC funds and has built an inventory of 160 permanent supportive housing units, most targeted to chronically homeless. During Local Fiscal Year 2019, the County will offer the following housing programs to the homeless. All of these housing programs will provide intensive case management and supportive services.

CHES Housing Program – \$109,352 in COC funds was awarded for a new program to provide tenant based rental assistance to eight chronically homeless persons diagnosed with a mental illness.

Catholic Charities Rapid Re-Housing Program – \$146,998 in CoC funds was awarded to Catholic Charities for a new program to provide rapid re-housing to 10 homeless families.

Housing for Chronically Homeless Families and Homeless Veterans – \$80,000 in HOME and \$112,500 in County general funds is provided to the Housing Commission to house up to 15 chronically homeless families and/or homeless veterans.

AHOH Rapid Re-Housing Program – \$66,333 in ESG funds is provided to Arundel House of Hope, Inc. (AHOH) to help 10 homeless families.

Women in Safe Haven (WISH) Program – AHOH was awarded \$61,823 in CoC funds to operate the WISH Program to provide permanent supportive housing for five chronically homeless women.

Safe Haven I – AHOH was awarded \$59,007 in CoC funds to provide permanent supportive housing to four chronically homeless men.

Safe Haven II – AHOH was awarded \$62,033 in CoC funds to provide permanent supportive housing to four chronically homeless men.

Community Housing Program – AHOH was awarded \$61,741 in CoC funds to provide permanent supportive housing to six chronically homeless men and women.

Housing First I – People Encouraging People, Inc. (PEP) was awarded \$69,120 in CoC funds to provide tenant based rental assistance and intensive case management services to five chronically homeless persons.

Housing First II – PEP was awarded \$125,972 in CoC funds to provide tenant based rental assistance and intensive case management services to a total of eight chronically homeless persons.

Supportive Housing Opportunity Program (SHOP) – The Anne Arundel Mental Health Agency was awarded \$206,551 in CoC funds to provide tenant based rental assistance and intensive support services for eight homeless households.

Samaritan Housing Program – The Mental Health Agency was awarded for \$69,482 in CoC funds to provide five tenant based rental subsidies and supportive services to chronically homeless individuals.

Shelter Plus Care – The Maryland Mental Hygiene Administration was awarded \$436,855 in CoC funds to continue the Shelter Plus Care Program providing tenant based rental assistance and supportive services to 26 homeless households.

Permanent Supportive Housing Program – The Housing Commission of Anne Arundel County was awarded \$412,909 to provide 25 rental vouchers and supportive services for chronically homeless households.

Anne Arundel Partnership for Permanent Housing Program – ACDS was awarded \$490,505 in CoC funds to administer a permanent housing program, which is operated through a partnership between the Housing Commission, AHOH and Community Residences, Inc. The

Program serves participants who are chronically homeless and provides intensive case management and supportive services to 25 households, including children.

Finally, Catholic Charities will provide 20 units of affordable housing to homeless families at the former Sarah's House Transitional Housing program site at Ft. Meade and The Light House will provide three units of permanent housing to homeless families. These programs will be funded through the Housing Commissions Housing Choice Voucher program.

The County will also continue to address the housing needs of other special needs population, such as those with diagnosed with HIV/AIDS, the disabled, and elderly. At a minimum, the following actions will be taken in Local Fiscal Year 2019: (i) one unit will be acquired through the CHDO Housing Acquisition/Rehab Program; (ii) 35 households will be assisted through the Housing Commission's HOPWA funded Rental Assistance Program; and (iii) two homes will be modified for persons with disabilities through the CDBG funded Accessibility Modification Program.

## AP-75 Barriers to Affordable Housing

### Introduction

The *Anne Arundel County Consolidated Plan: FY 2016 – FY 2020* outlined five major barriers to affordable housing, including (1) lack of affordable supply to meet current demand; (2) future housing demand; (3) current land use patterns; (4) lack of financial resources; and (5) NIMBYism. These barriers are summarized below.

### Lack of Affordable Housing Supply to Meet Current Demand

According to the Baltimore Regional Housing Plan and Fair Housing Equity Assessment, when compared to the region, Anne Arundel County has a smaller share of affordable units, as well as a relatively low vacancy rate and high rent rates, demonstrating the relative lack of supply.

## **Future Housing Demand**

According to the Sage Policy Group, Inc.'s BRAC Impact Housing Study, it was projected by 2015, 15,700 households looking for housing in Anne Arundel County would be unable to find it. Excess demand will keep existing housing prices high and will encourage new construction at the high end of the market. Vacancy rates for all housing will be relatively low with vacancy rates for less expensive housing becoming particularly low. The availability of housing affordable for low and moderate income households will diminish.

## **Current Land Use Patterns**

According to the Anne Arundel County's Analysis of Impediments to Fair Housing Choice (AI), conducted by Mullin & Lonerger Associates, there appears to be a scarcity of land zoned by-right for multifamily housing in Anne Arundel County. In a high-cost housing region, multifamily housing is often the most feasible option. Undeveloped land zoned by right for medium and high-density residential development is in short supply in the County. This has the effect of limiting affordable housing choices for members of the protected classes.

## **Lack of Financial Resources**

The lack of financing for affordable developments also presents a challenge. Notwithstanding the LFY2019 budget, federal funding for federal entitlement programs supporting housing, such as CDBG and the HOME have been drastically cut over the last decade and cannot meet the affordable housing needs of the community. The outlook for increased funding, or even level funding, at the State and federal levels is not encouraging.

## **NIMBYism**

The lack of support by a community or by neighboring residents for proposed affordable housing communities or projects presents a challenge in the County for projects benefiting low and moderate income persons. Sometimes referred to as NIMBYism ("Not in My Back Yard"), this phenomenon presents an additional obstacle to affordable housing developers and group home providers ability to procure affordable, developable land or to buy existing homes for a special needs population.

**Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.**

In an effort to address barriers to affordable housing, ACDS staff was actively involved in commenting on the State of Maryland's Qualified Allocation Plan (QAP) and Multi-Family

Housing Financing Guide to ensure more State directed financial resources – namely Low Income Housing Tax Credits and Rental Housing Production Program funds – would be available to develop affordable housing communities in Opportunity Areas in Anne Arundel County. As a result, the new QAP and Guide are structured in such a way that will likely result in more affordable housing projects being built in Anne Arundel County.

A recent review of Anne Arundel County's zoning policies indicates the County has adopted several measures which seek to support and expand affordable housing development. Workforce Housing legislation allows for multifamily housing with a density of up to 22 units per acre as a special exception use in R-10, and R-15 residential zones. To be eligible for a density bonus the project must serve persons earning 120 percent of Area Median Income (AMI) and below. In addition, the County's Housing for Elderly of Moderate Means law allows multi-family housing serving low income seniors earning 80 percent of AMI and below to be developed as (1) a special exemption use in R-2, R-5, R-10 and R-22 zones, up to densities of 22 units per acre, and (2) a conditional use C-1, C-2 and C-3 zones.

To further reduce development costs, the County has adopted legislation that waives water and sewer fees, a significant cost, for multifamily housing units developed for elderly persons of moderate means. Additionally, the County waives impact fees for new housing that serves households earning 120 percent of AMI and below and that is developed by nonprofit organizations. The County also continues to provide Payments-in-Lieu of Taxes (PILOTs) agreements as a financial incentive for developers building affordable rental housing. The County also provides surplus land to developers in an effort to bring down the cost of affordable housing development. The County has provided surplus land adjacent to the Meade Village Public Housing community in the Severn area to the Housing Commission to allow for the construction of 31 affordable units.

In an effort to increase the supply of affordable family housing in non-impacted areas, the County will prioritize its federal funds for new affordable rental housing in Opportunity Areas. Finally, to address NIMBYism, the County will support efforts to promote fair housing and educate communities on affordable housing by reducing common misconceptions. In Local Fiscal Year 2019, the County will continue to work with Baltimore Neighborhoods Inc. (BNI) to provide fair housing services and fair housing education. Also, the County will fund a regional fair housing study led by Baltimore Metropolitan Council.

## Discussion

Current and future demand is expected to continue to outstrip the supply of affordable housing, especially for low and moderate income households among the County's workforce. In order to increase the supply of affordable units, the County will subsidize the creation of affordable units through direct subsidies such as low interest loans or grants, PILOTs, and the waiving of

fees. As the County continues to evaluate land use changes that would encourage the development of affordable housing, they will also continue to promote the land use incentives currently existing for creating affordable housing. The County will also continue to work on educating communities about the misconceptions associated with affordable housing.

## AP-85 Other Actions

### Introduction

In addition to the programs and projects described in Section AP-35, the County and its partners will take other actions in an effort to meet its housing and community development needs. From stretching scarce resources to leveraging multiple sources of funding, these actions will complement the programs previously described to create a comprehensive strategy to address the unmet needs of County residents. This chapter describes these complementary actions including actions to (i) remove obstacles to unmet needs, (ii) address barriers to affordable housing, (iii) evaluate and reduce lead based paint hazards, and (iv) reduce the number of households living below the poverty level. Finally, this chapter lays out the institutional structure the County has established for comprehensive service delivery and describes how the County government continuously strives to enhance coordination among the multiple County agencies and service providers.

### Actions planned to address obstacles to meeting underserved needs.

*Anne Arundel County Consolidated Plan: FY 2016 – FY 2020* (Program Year 2015-2019) demonstrated the growing concern of increasingly fewer affordable housing options for lower income residents living in Anne Arundel County. Although the County's quick recovery from the housing recession created a strong homeowner and rental housing market with home prices and rental rates that have steadily increased over the past decade, the County continues to struggle because the median household income rate is not growing at the same pace. The County lacks available subsidized housing units and vouchers. This has resulted in a large number of Anne Arundel County households, especially lower income households, having a severe housing cost burden as they pay more than 50 percent of their income on housing costs.

During the housing recession, home values took a sharp decrease as the number of housing sales began to decline. Concurrently, rent rates began to increase as renting – as opposed to owning – gained popularity with decreased economic risk. Now that the recession has ended, housing sales have begun to recover as home values have steadily increased over the past few years. Unfortunately, rent rates have not decreased, thus lessening affordable housing option for the County's low to moderate income households.

Although the median household income rates have increased over the past decade, they have lagged behind rising housing costs. The County has many service workers and professionals including police officers, teachers, and dental assistants, who do not have enough income to afford to live in the County. Additionally, the County's public housing authority is limited with the number of available units and vouchers. It has experienced long waiting lists with approximately 17,500 County residents waiting for either a public housing unit or a housing choice voucher, thus further lessening affordable housing options for the County's low income population.

If rent rates and home values continue to increase, and the availability of housing subsidies continue to be limited, while median household income levels increase at a slower pace, the issue of housing affordability will continue to get worse causing a greater disparity with the availability of affordable units.

One hundred percent of the County's federal entitlement funds are targeted to serving low and moderate income residents through an array of projects outlined in this plan. Additionally, the County has allocated \$1,416,359 in County general funds to support and complement the activities, projects and programs funded through the federal funds. The County also works diligently to leverage the State and federal funds as much as possible with private dollars to meet the needs of low and moderate income residents.

### **Actions planned to foster and maintain affordable housing.**

Specific activities to foster and maintain affordable housing undertaken in Local Fiscal Year 2019 are highlighted below.

- The County will provide homeownership counseling, financial literacy training, and foreclosure prevention counseling to over 600 households.
- A total of 30 low income households will be provided property rehabilitation services, including eight very low income households who will be provided with property repair services. Four of the 30 households who receive assistance through property rehabilitation or property repair programs will also be provided with accessibility modification services. An additional 30 households will receive assistance in the Spring Meadows community.
- Approximately 16 first time homebuyers will be assisted with the purchase of their first homes through the provision of down payment, closing cost, and mortgage write-down assistance through the Mortgage Assistance Program.

- The County will increase the supply of scattered site rental housing by acquiring and rehabilitating six units to be rented to low income families. Efforts will be targeted to Priority Revitalization Communities.
- HOME funds will be used to assist with gap financing for the redevelopment of 200 rental units at Meade Village, an existing public housing community, as well as the construction of 31 new affordable units on the site.
- The County will provide rental assistance to 170 homeless households with CoC funds, 10 homeless families with ESG funds, 15 homeless families with HOME and County funds, and a minimum of 32 households with HOPWA funds.
- HOME CHDO funds will be used to develop one new group home to house individuals with special needs.

### **Actions planned to reduce lead-based paint hazards.**

Through strict adherence to the policies and procedures, Anne Arundel County has greatly reduced the lead-based paint (LBP) risks associated with housing units built prior to 1978 and thus, has significantly increased the access and availability of lead safe and lead free housing for low and moderate income County households.

The federally funded Property Rehabilitation Program, Property Repair Program, Accessibility Modification Program, and the Scattered Sites Rental Program are all administered by ACDS in accordance with the Lead-Based Paint Hazard Reduction Act of 1992, or Title X, which took effect in September 2000. Before any construction activities are undertaken, ACDS requires a qualified Risk Assessor to properly test each applicable residence for the existence of LBP and prepare a risk assessment report which dictates the required methods for addressing the LBP hazard.

Residences with peeling or flaking paint are not eligible to be purchased through the federally funded Mortgage Assistance Program unless any noted LBP hazard deficiencies are corrected following proper lead safe work practices and a passed LBP clearance report, as prepared by a certified LBP risk assessor, is provided to ACDS.

LBP in Countywide residential rental properties is addressed through the enforcement of the State of Maryland's Reduction of Lead Risk in Housing law that requires owners of rental properties to register their units with Maryland Department of the Environment (MDE), distribute specific educational materials to prospective tenants and to meet specific LBP hazard reduction standards. In addition, all contractors performing lead paint abatement activities

must be certified by the Federal Environment Protection Agency (EPA) and trained by a MDE accredited/licensed training provider and receive accreditation to perform lead paint activities.

Residential housing in the County is also governed by the County's Property Maintenance Code which requires exterior wood surfaces to be treated or be protected from the elements and decay and all exterior surfaces, including soils, be free of peeling, flaking and blistering paint.

### **Actions planned to reduce the number of poverty-level families.**

Nearly six (5.9) percent of all County's residents lived below the poverty level in 2014 as defined by the U.S. Census Bureau. However, nearly 18 percent of female headed households live below the poverty level. Poverty impacts all aspects of an individual's life and is caused by a myriad of complex factors which in turn makes ending poverty a difficult task. Primarily, it is a function of income, which is related to opportunity, education, job training, and employment. Therefore, the County's primary anti-poverty strategy is to create and foster employment and economic opportunities for low income residents.

The responsibility for implementing strategies to foster employment and economic opportunity is shared and coordinated among various government agencies, service providers, and other organizations. However, DSS is the agency primarily tasked with assisting residents who fall below the poverty line. DSS partners with the Anne Arundel Workforce Development Corporation and the Community Action Agency on a number of efforts to assist County residents with moving beyond poverty. In addition, Anne Arundel Community College and the Opportunities Industrialization Center of Anne Arundel County provide courses and programs to enhance employment skills. Anne Arundel County Family Support Center, operated by Maryland Family Network and DSS, is located in Annapolis. The Center provides a wide range of programs including (i) education and employment readiness, (ii) adult education and GED prep, (iii) programs for parents, young fathers, and children, and (iv) a teen parent alternative high school program. DSS also operates a Community Resource Center and a Customer Service Center in Glen Burnie and Annapolis. These Centers offer 'one-stop' access to community services. Not only can residents access the traditional income supports such as Temporary Cash Assistance (TCA) or Food Stamps; they can also access Jobs Works Arundel, an employment program, operated by Anne Arundel Workforce Development Corporation. The Center also provides space for the County's community partners such as the Literacy Council of Anne Arundel County, the Organization for Hispanic and Latin Americans, and the Maryland Division of Rehabilitation Services.

The County uses its federal funds for projects and programs providing maximum benefit to extremely low, low and moderate income households. Specifically, in Local Fiscal Year 2019 the County will provide \$10,000 in CDBG funds to support the Opportunities Industrialization

Center of Anne Arundel County. The Program offers English for Speakers of Other Languages (ESOL), basic academic skills, GED preparation, and computer skills training classes to low income unemployed and underemployed County residents. The program is expected to benefit approximately 50 very low and low income persons over the next year.

Additionally, CDBG funds in the amount of \$15,000 have also been allocated to Vehicles For Change to continue their program. This program prepares donated cars for resale at a low cost to limited income households to enable them to maintain employment and become financially secure and independent. This program will serve six (6) low income households.

### **Actions planned to develop institutional structure.**

Anne Arundel County is uniquely organized to administer housing and community development programs and has developed a comprehensive approach to enhance the coordination between various departments of County government, federal and State agencies, other public agencies, private nonprofit agencies and organizations, and for profit developers and lenders.

Anne Arundel County is governed by an elected County Executive and County Council. The County Council is the legislative body of Anne Arundel County government and approves all policy and budgetary actions. The County Executive, representing the executive branch of government, appoints the Chief Administrative Officer and other heads of executive agencies in order to implement the policies and budgets as approved by the County Council. The Chief Administrative Officer, on behalf of the County Executive, oversees ACDS who is responsible for administering housing and community development activities in the County.

ACDS functions as the lead agency for housing and community development programs in the County. ACDS is a private nonprofit corporation created to address housing and community development needs and is under contract with the County to plan, administer, and implement the federally funded CDBG Program, HOME Program, ESG Program, HOPWA Program, CoC and State housing rehabilitation programs and County funded housing and community development programs. Subrecipients, private nonprofit service providers and housing developers carry out many of the activities funded under these programs. ACDS directly administers programs such as the Property Rehabilitation Program, Property Repair Program, Scattered Sites Rental Program, and the Homeownership Counseling and Foreclosure Prevention Counseling programs, in addition to a Financial Literacy Program. Depending on the project, ACDS takes on the role of the developer, the lender, and/or the construction manager which necessitates careful coordination with many governmental agencies and departments.

The structure of the ACDS Board of Directors allows for coordination among various lead agencies. The 13 member Board includes five members appointed by the County Executive and one appointed by the Housing Commission. These appointed members provide integral communication links between ACDS and the departments and agencies they represent. The involvement of the Board members adds a depth of experience to the planning and delivery of housing and community development programs and activities in the County.

In addition to ACDS, Anne Arundel County benefits from strong governmental agencies, commissions, and closely connected nonprofit organizations with well-defined roles in meeting the needs of the low income community. These agencies and nonprofit organizations include the Housing Commission of Anne Arundel County, Department of Social Services, Department of Health, Mental Health Agency, Department of Aging and Disabilities, the Commission on Disability Issues, Anne Arundel County Workforce Development Corporation, the Community Action Agency and the Human Relations Commission. The County also benefits from a strong economic development arm. The Anne Arundel Economic Development Corporation (AAEDC) provides economic development leadership for the County by building alliances with regional partners, recruiting new employers, supporting existing employers, and providing loans to new and expanding businesses. These agency Directors meet monthly with the County Executive and his staff to coordinate services and identify critical issues.

Finally, the County also has the opportunity to work with many nonprofit and for profit housing developers and service providers, including Community Housing Development Organizations (CHDO), who assist low income and special needs populations. These organizations provide housing and services to the homeless, developmentally disabled, the mentally ill, those infected with HIV/AIDS and chronic substance abusers among others.

### **Actions planned to enhance coordination between public and private housing and social service agencies.**

Anne Arundel County has a collaborative and well-coordinated community based planning process that seeks to ensure the needs of extremely low, low and moderate income persons, homeless persons and the special needs populations within the County are being met.

The Anne Arundel and Annapolis Coalition to End Homelessness (Homeless Coalition) is a planning group consisting of over 50 organizations, including County and City of Annapolis agencies, nonprofit homeless service providers, nonprofit organizations serving special needs clientele, as well as concerned citizens with interests and roles in ending homelessness in the County. The Homeless Coalition meets monthly and provides ongoing input into the needs and current issues facing the homeless.

The Housing Commission and the Department of Health are consulted as needed to identify the ever changing needs of the HIV/AIDS population of the County.

The County also participates in the Anne Arundel County Affordable Housing Coalition. This Coalition brings together for profit and nonprofit housing developers, realtors, lenders, the Housing Commission, ACDS, other County agencies, faith based institutions, and concerned citizens. The Coalition is the lead entity in advocating for and educating the community about affordable housing needs.

The County, ACDS and the Housing Commission work closely to identify needs, accomplish shared goals, and implement strategies. ACDS and the Housing Commission share a Board member who helps to coordinate the efforts of these two organizations. In addition, the Housing Commission assigns staff to participate in the Homeless Partnership, the HOPWA Planning Group, and Affordable Housing Coalition meetings. Although ACDS and the Housing Commission are managed by separate Executive Directors, their policies and programs complement one another.

Intergovernmental coordination on housing and community development issues within the region is accomplished through various means. ACDS, on behalf of the County, works closely with the City of Annapolis Department of Planning and Zoning and the Housing Authority of the City of Annapolis.

Additionally, the County joined with its counterparts in Baltimore City, Baltimore County, Harford County and Howard County (Regional Fair Housing Group) to conduct an Analysis of Impediments (AI), examining both jurisdiction specific and regional impediments to fair housing. The County continues to work with the Regional Fair Housing Group to implement the recommendations from the AI. Finally, the County works very closely with the State on planning and implementing its housing and community development goals and strategies. Specifically, ACDS, on behalf of the County, has a daily working relationship with the Maryland Department of Housing and Community Development. This relationship ensures the County has access to all available funds to accomplish its goals and receives technical assistance as needed.

## **Discussion**

Through a wide array of other actions, in addition to the projects outlined previously, the County will continue to address housing and community development needs in Local Fiscal Year 2019.

## AP-90 Program Specific Requirements

### Introduction

This section describes program specific requirements, as required at 24 CFR91.220(g), for the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and the Emergency Solutions Grant (ESG).

4	The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5	The amount of income from float-funded activities	0
<b>Total Program Income</b>		<b>\$660,000</b>

**Table 15 – Other CDBG Requirements**

1	The amount of urgent need activities	0
2	The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income during LFY 2017.	100%

On behalf of the County, ACDS provides funds to project sponsors and clients to acquire, rehabilitate and otherwise assist with the development of housing, both owner-occupied and rental, for low and moderate income persons. In order for CDBG funds to be utilized to assist a rental project, rents must be affordable to comply with the low and moderate income housing national objective standard. Anne Arundel County has two separate definitions of affordable rents, one for projects funded exclusively with CDBG funds, and one for projects combining CDBG funds with other federal and/or State funding.

For rental projects where CDBG is the only source of federal funds and there are no State funds, affordable rents are defined as rents, excluding the utility allowances, which do not exceed the lesser of the Fair Market Rent as determined by HUD from time-to-time, or that amount which

would equal 30 percent of the gross monthly income of a household earning 80 percent of the area median income, adjusted by family size, for the area as defined and published by HUD. In making this determination, it will be assumed that an efficiency unit will be occupied by a single person, a one-bedroom unit by two persons, a two-bedroom unit by three persons, a three-bedroom unit by four persons, and a four-bedroom unit by a five person household.

For rental projects utilizing CDBG funds with other federal and/or State funds, affordable rents are defined by the other programs' requirements as long as the project continues to serve persons at or below 80 percent of the area median income. The other programs include, but are not limited to, HOME, federal Low Income Housing Tax Credits, housing mortgage revenue bonds, public housing capital funds or public housing operating subsidies, HOPE VI, Project Based Section 8, Section 202 or Section 811 development funds, State rental housing development programs, and other similar government funded programs.

Planned projects to be funded with CDBG funds expected to be available during the year, are identified in the Table 9. Table 14 identifies program income available for use during Local Fiscal Year 2019. Table 15 identifies the percentage of CDBG dollars to be used for activities benefitting low and moderate income persons in LFY 2019.

## **HOME Investment Partnerships Program (HOME) Reference 24 CFR 91.220(I)(2)**

**Describe other forms of investment being used beyond those identified in Section 92.205.**

All of the County's HOME funds will be used as forms of investment described in Section 92.205(b); no other forms of investment will be provided.

**Describe the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254.**

As required in 24 CFR 92.254, HOME loan funds are used for direct subsidy to assist homebuyers with down payment and closing costs, as well as mortgage write-down assistance, to enable them to purchase a home. Each homebuyer assisted with HOME funds is required to sign a written agreement detailing the terms and conditions of their HOME loan, prior to receiving the loan. A deed of trust is recorded against the purchased property securing the HOME funds. This lien is non-interest bearing and requires repayment upon sale or transfer, if the property is no longer the income eligible buyer's primary residence, or at the end of 30 years, whichever comes first. Repayment of the loan is required on the entire amount

borrowed; however, the amount that must be repaid is limited to the net proceeds from the sale of the home. Net proceeds are defined as the sales price minus superior loan repayment and closing costs paid by the seller. Compliance during the affordability period is achieved through monitoring of all borrowers to confirm the property is still their primary residence. Should a homeowner want to refinance their first mortgage during the term of the HOME loan, the request will be reviewed to ensure that it meets the requirements of the Subordination Policies administered and managed by ACDS.

**Describe the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds. See 24 CFR 92.254(a)(4).**

HOME regulations at CFR 92.254 states if HOME funds are used for homebuyer assistance, the County must establish a value limit equal to the HOME affordable homeownership limits provided by HUD for newly constructed housing and for existing housing. The HOME homeownership value limits, effective as of March 1, 2017, for Anne Arundel County is \$271,000 for an existing home and \$301,000 for a newly constructed home. These maximum home values apply to homes purchased with HOME funds and the after estimated rehabilitation value for housing rehabilitated with HOME assistance.

**Describe plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b).**

The County will not utilize HOME funds to refinance existing debt secured by multifamily housing; therefore, this Action Plan does not include guidelines for refinancing pursuant to 24 CFR 92.206(b).

## **Emergency Solutions Grant (ESG) Reference 91.220(I)(4)**

**Provide written standards for providing ESG assistance.**

Anne Arundel County will use its Local Fiscal Year 2019 ESG funds to fund an emergency shelter and a rapid re-housing program. Specifically, \$85,000 in ESG funds will be provided to the Associated Catholic Charities, Inc. (Catholic Charities) Sarah's House Family Shelter Program and \$61,620 will be provided to continue Arundel House of Hope's (AHOH) Rapid Re-Housing Program. Pursuant to the regulations for Annual Action Plans at 24 CFR 91.220(I), the

Anne Arundel County Emergency Solutions Grant Policies describes Anne Arundel County's implementation of the ESG Program.

**If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.**

Anne Arundel County has adopted a *No Wrong Door* coordinated entry model for its emergency shelter system. This means that any person seeking shelter can present at any number of shelters or programs and be screened for emergency shelter. The screening assessment tool is designed to target individuals and families in need of shelter on the night which they request shelter, meaning they must be willing and will need to present at the shelter if a bed is available on the same day they request and are assessed for shelter. All individuals or families screened will be referred to a gatekeeper located at Anne Arundel County Department of Social Services (DSS). All referrals for the County's three shelters will come via the gatekeeper. The gatekeeper will manage a shared waitlist, prioritizing vulnerability based on the assessment, determine eligibility, and placement. Emergency shelters will provide a daily count of available beds. If a bed is not available on the same day that a client requests shelter, they will be placed on a wait list but will be expected to present at the shelter on the same day bed space is available and they are contacted. The gatekeeper will make other referrals to other services as needed. Assessments can be completed at any of the County's homeless shelters, by the DSS Homeless Outreach Team and by the Anne Arundel County Mental Health Agency Crisis Team. Finally, assessments can be completed on the telephone by the YWCA domestic violence hotline and the Anne Arundel County Mental Health Agency Crisis – Warmline – will make referrals. The County's CoC is implementing its sheltered coordinated entry system in phases beginning first with DSS screening for the Sarah's House program, followed by Light House in early summer of 2018, and finally, screening for the Winter Relief Shelter in October 2018.

Further, all homeless persons entering the County's homeless continuum of care (e.g. outreach, shelter, day programs, etc.) are screened with the VI-SPDAT assessment. Completed VI-SPDAT assessments are submitted for to the Homeless Coordinator at the DSS where they are processed and scored based on vulnerability and "risk of death" and the individual placed on the Access Housing list. The Access Housing list is the by-name list is used to prioritize vulnerable homeless and place individuals into the County HUD funded permanent supportive housing programs. Only those individuals with a completed VI-SPDAT and ranking on the Access Housing list can access CoC and HOME funded permanent supportive housing programs.

All homeless persons served are entered into the HMIS system. The County recognizes the need for integrating service providers who meet the multiple and varying needs of all segments of the homeless community into HMIS and will strive to do so.

**Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).**

The process for awarding ESG funds is the same as the process for awarding CDBG, HOPWA, and HOME funds. Proposals are solicited during the fall of each year from the community at large for projects for the next fiscal year. At the first of two annual public hearings held by ACDS on behalf of the County, the public is asked to comment on the needs of low and moderate income County residents. At the hearing, staff describes the amount and nature of federal funds expected to be available, solicits proposals for the use of these funds, and explains the criteria for project selection.

Additionally, staff from ACDS facilitates meetings throughout the year with County providers of homeless services where the needs and priorities of the homeless are identified and discussed. These ongoing discussions help to direct the use of ESG funds within the County. Based on local goals and outcomes established in the Consolidated Plan, and as a result of the monthly provider meetings, ACDS staff recommends specific projects for funding to the ACDS Board of Directors at the second public hearing, held in the winter of each year.

Once given approval by the County Executive, these recommendations become part of the County's budget process and awards are made official when the budget is adopted by the County Council each May. Any organization wishing to provide services for homeless persons in Anne Arundel County is encouraged to submit a proposal for consideration.

**If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.**

As Anne Arundel County is governed by elected officials, it cannot guarantee the participation of "not less than one homeless individual or formally homeless individual" on the County Council, its policy making entity. Therefore, ACDS, on behalf of Anne Arundel County, will implement the procedures described herein to ensure various avenues for consulting with the homeless or ensuring homeless participation where possible.

ACDS is responsible for the staffing and oversight of the County's Continuum of Care Homeless Coalition, which is Anne Arundel County's continuum of care entity and an equivalent policy making entity with regards to homeless issues. The Homeless Coalition is an active participant in the County's planning efforts for the development of its five year Consolidated Plan and annual Action Plan. The Homeless Coalition has representation from formally homeless people.

ACDS will continue to utilize the Homeless Coalition to gain insight, direction, and policy guidance for the planning and implementation of its program for the homeless population.

The Homeless Coalition conducts focus groups with homeless individuals at shelters and day resource centers to determine needs and provide insight in establishing goals and strategies for planning purposes. This process ensures that homeless individuals are consulted when considering and making policies and decisions regarding ESG funded facilities, services, or other assistance.

### **Describe performance standards for evaluating ESG.**

The Homeless Coalition will continue to explore the development of additional performance standards as it develops its new strategic plan to end homelessness. Anne Arundel County will use the following three performance standards to measure the ESG program impact.

1. *Targeting those who need the assistance most in need.*
2. *Reducing the number of people living on streets and in emergency shelters.*
3. *Reducing the amount of time people spend homeless and becoming quickly re-housed.*

When designing the ESG funded Rapid Re-Housing Program and providing ESG funding to Sarah's House emergency housing, the County targeted those most in need of assistance. The County's HMIS system will be used to monitor the results. As the demand for shelter currently exceeds the available resources, a reduction in those sheltered is not anticipated. However, there will be a focus on increasing turnover of shelter beds with shorter stays, allowing for more people to access shelter instead of remaining unsheltered. Emergency shelters will be evaluated on their success in assisting guests to obtain permanent housing.

## **Discussion**

### **HOPWA**

Although the County does not receive Housing Opportunities for Persons with AIDS (HOPWA) funds directly from HUD, it does operate a HOPWA funded program. Funds for the HOPWA Program are awarded to the Baltimore Metropolitan Statistical Area. Dollars are then allocated by Baltimore City to each jurisdiction based on the number of HIV/AIDS cases in each jurisdiction, including Anne Arundel County.

ACDS staff meets with providers of services for individuals with HIV/AIDS, where the needs and priorities of this population are identified and discussed. Members of this group include the Housing Commission, the Anne Arundel County Department of Health and nonprofit

housing and service providers. These ongoing discussions help to direct the use of HOPWA funds within the County to ensure the needs of this vulnerable population are met.

The County makes the public aware of the availability of these funds through its normal public participation process. At the first of two annual public hearings held each fall by ACDS, on behalf of the County, the public is asked to comment on the needs of low and moderate income County residents with HIV/AIDS. At the hearing, staff describes the amount of HOPWA funds expected to be available, solicit proposals for the use of these funds, and explains the criteria for project selection. Any organization or developer wishing to provide housing and services for persons with HIV/AIDS is encouraged to submit a proposal for consideration. Based on local goals established in the Consolidated Plan and as a result of the quarterly meetings, ACDS staff recommends specific projects for funding to the ACDS Board of Directors at the second public hearing. With the support of the ACDS Board of Directors, these recommendations are submitted to the County Executive. Once given approval by the County Executive, these recommendations become part of the County's budget process and awards are made official when the budget is passed by the County Council each May.

In Local Fiscal Year 2019, an estimated \$571,516 in HOPWA funds will be provided to the Housing Commission of Anne Arundel County to operate the Rental Assistance Program. The program provides tenant based rental assistance and supportive services to households affected by HIV/AIDS. It is anticipated that 32 low to moderate income households will receive HOPWA tenant based rental assistance through this program.

## ASSURANCES - CONSTRUCTION PROGRAMS

OMB Number: 4040-0009  
Expiration Date: 01/31/2019

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.
14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
20. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

- Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
- Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
- Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
- Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
- Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
- Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
- Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
- Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
- Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
- Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

## Appendix II

## **CERTIFICATIONS**

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

### ***AFFIRMATIVELY FURTHER FAIR HOUSING***

The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

### ***ANTI-DISPLACEMENT AND RELOCATION PLAN***

It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

## **ANTI-LOBBYING**

To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

### ***AUTHORITY OF JURISDICTION***

The Consolidated Plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

### ***CONSISTENCY WITH PLAN***

The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

### ***SECTION 3***

It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

## **SPECIFIC CDBG CERTIFICATIONS**

The Entitlement Community certifies that:

### ***CITIZEN PARTICIPATION PLAN***

It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

### ***COMMUNITY DEVELOPMENT PLAN***

Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

### ***FOLLOWING A PLAN***

It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

### ***USE OF FUNDS***

It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2018 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

### ***EXCESSIVE FORCE***

It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

### ***COMPLIANCE WITH ANTI-DISCRIMINATION LAWS***

The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

### **Lead-Based Paint**

The County's activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

## Compliance with Laws

The County will comply with applicable laws.

## Specific HOME Certifications

The HOME participating jurisdiction certifies that:

### ***TENANT BASED RENTAL ASSISTANCE***

The use of HOME funds for tenant-based rental assistance is an essential element of the Anne Arundel County's Consolidated Plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

### ***ELIGIBLE ACTIVITIES AND COST***

The County is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

### ***APPROPRIATE FINANCIAL ASSISTANCE***

Before committing any funds to a project, the County will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

## **ESG Certifications**

The Emergency Solutions Grants Program Recipient certifies that:

### ***MAJOR REHABILITATION/CONVERSION***

If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation. If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion. In all other cases where ESG funds are used for renovation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

### ***ESSENTIAL SERVICES AND OPERATING COSTS***

In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the jurisdiction will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the jurisdiction serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

### ***RENOVATION***

Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

### ***SUPPORTIVE SERVICES***

The jurisdiction will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for such individuals.

### ***MATCHING FUNDS***

The jurisdiction will obtain matching amounts required under 24 CFR 576.201.

---

## **CONFIDENTIALITY**

The jurisdiction has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

## **HOMELESS PERSONS INVOLVEMENT**

To the maximum extent practicable, the jurisdiction will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

## **CONSOLIDATED PLAN**

All activities the jurisdiction undertakes with assistance under ESG are consistent with the jurisdiction's consolidated plan.

## **DISCHARGE POLICY**

The jurisdiction will establish and implement, to the maximum extent practicable and where appropriate policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

## Process for Soliciting Project and Programs for HOME Funding

Pursuant to the regulations for Annual Action Plans at 24 CFR 91.220(I(2)), the following describes Anne Arundel County's procedures for soliciting and funding applications or proposals for projects and programs to be funded through the HOME Investment Partnerships Program.

### Process for Soliciting Project and Programs for HOME Funding

The process for awarding HOME funds is the same as the process for awarding CDBG, HOPWA, and ESG funds. Proposals are solicited during the fall of each year from the community at large for projects to be funded during the next fiscal year. At the first of two annual public hearings held by ACDS on behalf of the County, the public is asked to comment on the needs of low and moderate income County residents. At the hearing, staff describes the amount and nature of federal funds expected to be available, solicits proposals for the use of these funds, and explains the criteria for project selection.

Specific programs funded with HOME funds include the Mortgage Assistance Program (MAP), Property Rehabilitation Program, the Rental Production Program (RPP) and the Community Housing Development Organizations (CHDO) Program. These programs are marketed to the public through public hearings, the ACDS website, special outreach events, Homeownership Counseling classes conducted by ACDS staff, and through ACDS' participation in County and State affordable housing coalitions in which ACDS staff builds relationships with developers and other industry professionals.

Each program has a separate application process. The public can find applications online for programs such as MAP at [www.acdsinc.org](http://www.acdsinc.org) or by contacting the ACDS office. Additionally, developers wishing to obtain HOME funding from either the RPP or CHDO Program should schedule a meeting with ACDS staff to discuss their proposed project and available funding. RPP and CHDO projects chosen for HOME funding are typically a first-come-first-serve basis as long as they meet the County's development goals and the project is an eligible activity for HOME funding. New construction multifamily rental projects which are located in Opportunity Areas, as defined in *Anne Arundel County's Consolidated Plan: 2016-2020*, are given priority for HOME funds, while redevelopment projects located in Priority Revitalization Communities are also given priority.

To be eligible for these programs, applicants must meet certain requirements. For the MAP program, applicants must first graduate from the Homeownership Counseling Program, have an income level under 80 percent of the area median income, have a total debt to income ratio under 45 percent, and cannot displace any tenants currently living in the home for which MAP

funds are being requested. For the CHDO program, developers must first be certified as a CHDO before obtaining HOME funding. The developer must meet certain criteria such as being a non-profit organization that operates independently from other entities and has experience developing group housing. Developers requesting HOME funding from the RPP program must also show experience developing multifamily affordable housing projects. Additionally, developers must show its fiscal capacity to develop the project with the commitment of other funding sources, as well as the ability to financially support the operation of the project during the affordability period.

## Appendix V

## Emergency Solutions Grant Program Policies and Procedures Manual

Pursuant to the regulations for Annual Action Plans at 24 CFR 91.220(I), the following describes Anne Arundel County's Policies and Procedures for implementation of the Emergency Solutions Grant (ESG) Program.

### Policies and Procedures for Evaluation of Participant Eligibility for ESG Assistance

- *Participant Definition:* At a minimum, all participants must meet HUD's "literally homeless" definition at the time of acceptance into an ESG funded program; that is, the participants served must be an individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning: (i) has a primary nighttime residence that is a public or private place not meant for human habitation; (ii) is living in publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, State and local government programs); (iii) is exiting an institution where they have resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution; or (iv) is fleeing, or is attempting to flee, domestic violence and has no other residence, lacks the resources or support networks to obtain other permanent housing and lives in an emergency shelter.
- *Emergency Shelter:* ESG funds are awarded to Associated Catholic Charities, Inc. for the operation of their Emergency Shelter. However, the responsibility for evaluating a participant's eligibility for Anne Arundel County's ESG funded Emergency Shelter – Sarah's House Family Shelter – is the Anne Arundel County Department of Social Services (DSS). At a minimum, all shelter guests must document they meet HUD's Homeless definition as stated in 576.2. DSS, the gate keeper for the Anne Arundel County Coordinated Entry screens applicants to ensure eligibility and ensure they have no other housing resource – such as friends or family they can stay with – prior to accepting them into the shelter.
- *Rapid Re-Housing:* ESG funds for the County's Rapid Re-Housing Program are awarded to Arundel House of Hope, Inc. (AHOH). The responsibility for evaluating a participant's eligibility for Anne Arundel County's ESG funded Rapid Re-Housing Program is assigned to AHOH, the agency awarded the contract for operation of the program. AHOH has established a standardized intake assessment for agencies to use when screening participants for eligibility. Providers have been made aware of the eligibility

requirements, as well as to ensure that appropriate referrals are made. The Rapid Re-Housing Program will target homeless families.

Based on the program parameters, County providers, including shelters, supportive service programs, and street outreach providers will complete an initial evaluation of participants to determine eligibility for the Rapid Re-Housing Program. Providers will then refer eligible participants with the proper documentation to AHOH to verify eligibility. Third party documentation will be required for all participants.

Additionally, AHOH will assess the ability of potential participants to maintain and increase their income as necessary to ensure they can remain housed once the temporary subsidy is no longer provided.

### **Standards for Targeting and Providing Essential Services Related to Street Outreach**

The County's ESG funds will not be used for street outreach. ESG funds will be used for emergency shelter and rapid re-housing activities.

### **Policies and Procedures for Admission, Diversion, Referral, and Discharge from ESG funded Emergency Shelters**

- *Admissions:* At a minimum, all shelter guests must document that they meet HUD's Homeless definition as stated in 24 CFR576.2. Additionally, to be eligible for shelter, an applicant (a) cannot be discharged directly from a mental or correctional institution; (b) be a clear and present danger to themselves or others; (c) cannot be intoxicated by alcohol or under the influence of non-prescription drugs; (d) in need of acute medical, psychiatric, or nursing care; or (e) cannot have been convicted of a violent crime or crimes against children. Shelter guests are initially offered 90 days of shelter, with the opportunity to return if space is available once they have stayed 90 days. Guests can also apply for admission to Sarah's House Transitional Shelter during their 90 day stay.
- *Diversion:* All guests will be screened by the staff from DSS. During the initial screening, the DSS screener will assess an individual or family resources and situation to determine if other housing options are available. Shelter is only offered when no other housing options are obtainable.

- *Referral:* The DSS gatekeeper will follow the procedures of the County's Coordinated Entry Process. If beds are not available at the time of screening, the DSS "gatekeeper" will refer an individual or family to other community resources, shelter, and supports as needed. Otherwise, the DSS screener will refer the individual or family to Sarah's House Family Shelter, the County's ESG funded shelter, where a case worker will assess their needs and develop a case plan. All shelter guests are referred to services as part of their case management while at the shelter.
- *Discharge:* Sarah's House Family Shelter may terminate assistance if an individual or family violates shelter rules or program requirements in accordance with a formal written process that recognizes the rights of the individuals affected. Generally, program rules are reviewed with each guest upon entry into the program. Violation of rules, either through inability or unwillingness, may result in an involuntary exit from the program. Generally, the guest is informed of being dismissed from the shelter and will be transported to the DSS offices the next working day. An immediate dismissal is only enforced if the guest's behavior is deemed to be a threat to the safety of the facility and/or other guests and staff. If a guest leaves any belonging at the shelter, there is a 48-hour grace period before the belongings are discarded.

## **Safeguards to Meet the Safety and Shelter Needs of Special Populations**

Sarah's House, the ESG funded shelter, has a handicapped accessible unit and bathroom to serve those individuals with disabilities. Sarah's House also offers mental health and substance abuse assessments by licensed professionals. The program has 24 hour security and program staff available to meet the needs of shelter guests. Case management and support services are available to all guests including those with the highest barriers to housing. Those individuals may apply for transitional housing which provides supported housing for a period of 24 months allowing guests to address housing barriers. Additionally, the shelter refers clients to the County's Permanent Supportive Housing Programs.

## **Policies and Procedures for Assessing, Prioritizing, and Reassessing Individuals' and Families' Needs for Essential Services related to Emergency Shelter**

Upon entry into the ESG funded emergency shelter, all guests meet with a case manager to develop a case plan. The case plan establishes a plan for securing permanent housing and identifies barriers that may prevent a guest from achieving this goal. Specifically, within the first 48 business hours of when the guest arrives at the facility a complete intake packet,

including the completion of a needs assessment as well as the scheduling of a mental health assessment, substance abuse assessment, and legal assessment will be completed. The case manager will also create a three month case plan outlining goals as well as a weekly case plan with scheduled appointments listed and dates established for the completion of all goals. Essential services offered include, but are not limited to, housing search, employment barriers, job training, education, transportation, child care, health, mental health, substance abuse, and legal services. The program prioritizes the services which help guests obtain permanent housing, increase income, and save money.

### **Provider Coordination Policies and Procedures for all ESG Funds**

Anne Arundel County ensures all services available for addressing the needs of the homeless population are coordinated through the participation of key stakeholders, including homeless providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, and mainstream service and housing providers in the Continuum of Care planning Group, called the Anne Arundel and Annapolis Coalition to End Homelessness (Homeless Coalition). The Homeless Coalition meets, at a minimum, on a monthly basis to share resources, review program progress, and plan for future efforts. In addition, the Homeless Coalition holds monthly case managers meetings to share information on available housing resources and services. The providers who will be managing the ESG funds will be required to participate in these meetings, if they do not already do so. Additionally, the Homeless Coalition will continue to implement to County's coordinated assessment system which will assess participant needs and provide guidance on referrals utilizing uniform criteria in order to ensure homeless persons are directed to the best services based on their needs.

Anne Arundel County requires, and will continue to require, all providers receiving ESG funds participate in the County's Homeless Management Information System (HMIS). The HMIS administrator is located at the DSS office and is responsible for assisting providers and coordinating all data reports to ensure accuracy of the information, as well as the ability to track client services and referrals to mainstream resources. The successful participation of homeless clients in receiving mainstream resources is reviewed and monitored to evaluate provider success at helping clients move towards independence.

The County will continue to organize an annual Homeless Resource Day in an effort to not only provide a comprehensive array of services for the homeless, but to also encourage the coordination amongst service providers, as well as other mainstream agencies, healthcare providers, businesses and individuals whose resources can be helpful in addressing the needs of the homeless.

## Policies and Procedures for ESG Funded Rapid Re-Housing Program

At this time, the County has prioritized its funding for rapid re-housing activities and will not be providing homeless prevention activities. All recipients must meet HUD's definition of "literally" homeless. In addition, priority will be given to homeless individuals or families who are working, or have the potential to obtain resources, and have the ability to increase their resources, so they are able to afford and maintain their housing after the time period for receiving assistance comes to an end.

- *Standards for Determining Participant Share of Rent and Utilities Costs:* The ESG funded Rapid Re-Housing Program will provide a rent allowance to offset the overall housing cost for the participant household. The Program will model its monthly payments on the Maryland Department of Housing and Community Development Rental Allowance Program (RAP). The Program will not provide help with on-going monthly utility costs.
- *Standards for Determining Length and Level of Rental Assistance:* The ESG funded Rapid Re-Housing Program will provide monthly rental allowance payment to participant households for a period not to exceed 18 months, however, the goal is to provide between two to three months of assistance.

Providers shall determine the type, maximum amount and duration of housing stabilization and/or relocation services for individuals and families who are in need of rapid re-housing assistance through the initial evaluation, re-evaluation and ongoing case management processes. Standards for determining the share of rent and utilities costs that each program participant must pay, if any, will be based on the following guidelines:

- 1) Providers may provide up to 100 percent of the cost of rent in rental assistance to participants. However to maximize the number of households that can be served with rapid re-housing resources, it is expected that providers will provide the level of need based on the goal of providing only what is necessary for each household to be stably housed for the long term.
- 2) Rental assistance cannot be provided for a unit unless the rent for that unit is at or below the Fair Market Rent limit, established by HUD.
- 3) The rent charged for a unit must be reasonable in relation to rents currently being charged for comparable units in the private unassisted market and must not be in excess of rents currently being charged by the owner for comparable unassisted units.

Other stabilization financial assistance, such as help with rental application fees, security deposit, last month's rent, utility deposits or arrears, and moving costs will be provided based on the philosophy of providing the least amount of assistance necessary to help a

family become stably housed, as well as the availability of funds. Specifically, assistance with security deposits can equal no more than two months of rental payment.

- *Standards for Determining Type, Amount, and Duration of Services:* All rapid re-housing participants will be required to participate in stabilization services, including case management, while receiving tenant based rental assistance. The service will be provided by AHOH in coordination with the provider who referred the participant to the program. A housing stability plan will be developed for each participant and may include ensuring the participant receives all eligible mainstream benefits, job counseling, referral to workforce development services, transportation services, help with budgeting, etc. At a minimum, the case manager will have contact with the participant monthly to ensure the household is stable and the rent is paid. A participant may choose to continue stabilization services for an additional six months, but will receive no more than 24 months of assistance.

## Centralized or Coordinated Assessment System

Anne Arundel County has adopted a *No Wrong Door* coordinated entry model for its emergency shelter system. This means that any person seeking shelter can present at any number of shelters or programs and be screened for emergency shelter. The screening assessment tool is designed to target individuals and families in need of shelter on the night which they request shelter, meaning they must be willing and will need to present at the shelter if a bed is available on the same day they request and are assessed for shelter. All individuals or families screened will be referred to a gatekeeper located at Anne Arundel County Department of Social Services (DSS). The gatekeeper will manage the shared waitlist, prioritizing vulnerability based on the assessment, determine eligibility, and placement. Emergency shelters will provide a daily count of available beds. If a bed is not available on the same day that a client requests shelter, they will be placed on a wait list but will be expected to present at the shelter on the same day bed space is available and they are contacted. Assessments will be completed at any of the County's homeless shelters, by the DSS Homeless Outreach Team and by the Anne Arundel County Mental Health Agency Crisis Team. Finally, assessments can be completed on the telephone by the YWCA domestic violence hotline and the Anne Arundel County Mental Health Agency Crisis – Warmline – will make referrals. The County's CoC is implementing its sheltered coordinated entry system in phases beginning first with DSS screening for the Sarah's House program, followed by Light House in early summer of 2018, and finally, screening for the Winter Relief Shelter in October 2018.

Further, all homeless persons entering the County's homeless continuum of care (e.g. outreach, shelter, day programs, etc.) are screened with the VI-SPDAT assessment. Completed VI-SPDAT assessments are submitted for to the Homeless Coordinator at the Department of Social Services where they are processed and scored based on vulnerability and "risk of death" and

the individual placed on the Access Housing list. Only those individuals with a completed VI-SPDAT and ranking on the Access Housing list can access CoC and HOME funded permanent supportive housing programs.

All individuals are entered into the County's Homeless Management Information System (HMIS). Shelter and program staff utilizing the HMIS system has been trained in the unified application and assessment process.

### **Process for Making Subawards**

The process for awarding ESG funds is the same as the process for awarding CDBG, HOPWA, and HOME funds. Proposals are solicited during the fall of each year from the community at large for projects for the next fiscal year. At the first of two annual public hearings held by ACDS on behalf of the County, the public is asked to comment on the needs of low and moderate income County residents. At the hearing, staff describes the amount and nature of federal funds expected to be available, solicits proposals for the use of these funds, and explains the criteria for project selection.

Additionally, staff from ACDS facilitates meetings throughout the year with County providers of homeless services where the needs and priorities of the homeless are identified and discussed. These ongoing discussions help to direct the use of ESG funds within the County. Based on local goals and outcomes established in the Consolidated Plan, and as a result of the monthly provider meetings, ACDS staff recommends specific projects for funding to the ACDS Board of Directors at the second public hearing, held in the winter of each year.

Once given approval by the County Executive, these recommendations become part of the County's budget process and awards are made official when the budget is adopted by the County Council each May. Any organization wishing to provide services for homeless persons in Anne Arundel County is encouraged to submit a proposal for consideration. In Local Fiscal Year 2018, ESG funds will be awarded to Associated Catholic Charities, Inc. (Catholic Charities) to support Sarah's House, an emergency shelter for homeless families, located on the grounds of Fort Meade in the western part of the County and rapid re-housing funds will be awarded to Arundel House of Hope, Inc. (AHOH).

### **Homeless Person Participation**

As Anne Arundel County is governed by elected officials, it cannot guarantee the participation of "not less than one homeless individual or formally homeless individual" on the County

Council, its policy making entity. Therefore, ACDS, on behalf of Anne Arundel County, will implement the procedures described herein to ensure various avenues for consulting with the homeless or ensuring homeless participation where possible.

ACDS is responsible for the staffing and oversight of the County's Continuum of Care Homeless Coalition, which is Anne Arundel County's continuum of care entity and an equivalent policy making entity with regards to homeless issues. The Homeless Coalition is an active participant in the County's planning efforts for the development of its five year Consolidated Plan and annual Action Plan. The Homeless Coalition has representation from formally homeless people. ACDS will continue to utilize the Homeless Coalition to gain insight, direction, and policy guidance for the planning and implementation of its program for the homeless population.

The Homeless Coalition conducts focus groups with homeless individuals at shelters and day resource centers to determine needs and provide insight in establishing goals and strategies for planning purposes. As part of ensuring that homeless participants are consulted when considering and making policies and decisions regarding ESG funded facilities, services, or other assistance, ACDS will conduct a focus groups at the ESG funded shelter as part of the County's five year consolidated planning process.

Additionally, as part of the ESG grant management, all agencies awarded funding will be required to meet the homeless participation requirement of having participation of not less than one homeless individual or formally homeless individual on their board of directors or other equivalent policy making entity. All ESG funded recipients will be encouraged to provide opportunities for employment or volunteer services for homeless clients of ESG funded shelters or programs.

## Performance Standards

Anne Arundel County will use the following two performance standards to measure the ESG program impact. The Homeless Coalition will continue to explore the development of additional performance standards as it develops its new strategic plan to end homelessness.

- *Targeting those who need the assistance most:* In designing the Rapid Re-Housing Program and Emergency Solutions Program, the community has already targeted those most in need – the homeless. All agencies awarded funds to provide these services will be required to document that this is the population being served.
- *Reducing the number of people living on streets and in emergency shelters:* All participants of the Rapid Re-Housing Program must be documented as homeless upon their entry into the program. The County's HMIS system will be used to monitor the results. As the

demand for shelter currently exceeds the available resources, a reduction in those sheltered is not anticipated; however, there may be an increase in turnover of shelter beds and shorter stays, allowing for more people to access shelter instead of remaining unsheltered. Emergency shelters will be evaluated on their success in assisting guests to obtain permanent housing.

## **Consultation with Continuum of Care**

ACDS is a nonprofit organization under contract with Anne Arundel County to manage the homeless Continuum of Care planning process. This involves the application for and administration of the Continuum of Care funded programs and ESG. It also involves managing the coordination and facilitation of the Anne Arundel and Annapolis Coalition to End Homelessness (the Homeless Coalition) – the County's Continuum of Care Planning Group. This group is responsible for the overall planning, policy, and program development for how the County addresses the needs of the homeless. The County's Department of Social Services, in conjunction with ACDS, and members of the Coalition are responsible for setting policy, strategic planning, and developing new programs.

The Homeless Coalition includes representatives from (i) State, County, and the City of Annapolis agencies administering mainstream resources, (ii) shelter and nonprofit service providers, (iii) the FEMA Board, (iv) organizations serving individuals diagnosed with HIV/AIDS, and (v) formerly homeless persons, advocates, and others with roles, interests and responsibilities in addressing issues associated with homelessness in the County. The Homeless Coalition has held several meetings to discuss priorities for the use of ESG funds and developing the performance standards for activities.

The Homeless Coalition has already developed procedures for the operation and administration of the County's Homeless Management Information System (HMIS). The County's HMIS system is funded through Anne Arundel County local funds and CoC funding. A committee made up of members of the Homeless Coalition currently utilizing the HMIS system meet on a bi-monthly basis to review policies, update users on program changes and discuss other relevant issues associated with the use and management of the system. Currently all grantees receiving ESG funds are required to enter data into the County's HMIS, as will all subrecipients receiving any of the new funds.
