Opportunity for public/nonprofit organizations/community associations to provide input to assist the LDC in framing the FY 2024 budget priorities and recommendations

Anne Arundel County receives 4.51% of total revenues generated by video lottery terminals at Live! Casino in Hanover. The LDC is an appointed body that makes recommendations to the County Executive each year for the expenditure of Video Lottery Terminal funding, which is distributed in the form of local impact grants awarded to nonprofits and County agencies, and must be used for improvements primarily in the **communities in immediate proximity to the casino (generally within a 3 mile radius)**. Permitted uses are: public services and improvements; infrastructure improvements; facilities; public safety; sanitation; economic and community development, including housing.

Arundel Community Development Services, Inc. (ACDS) administers Community Grants on behalf of the LDC and Anne Arundel County. To learn more, visit <https://bit.ly/3pBPRM1>
