Community Support Grants

An initiative of the County Executive, Community Support Grants (CSG) are for **nonprofit and community organizations to increase their impact and operate more efficiently and effectively to improve and enrich** the lives of Anne Arundel County residents and communities. Programs and projects that are encouraged to apply are those that allow nonprofit organizations to continue to operate and/or increase the impact of an existing program/project, or to pilot a new program to improve and enrich the lives of **Anne Arundel County residents and communities.**

Costs may include, but are not limited to, program/project specific staff costs, supplies, travel, equipment, etc., as well as a percentage of administrative overhead proportional to your program/project's budget relative to you organization's operating budget.
